

## Still Try To Halt Strike

**'No Basic Change' As Deadline at Midnight Nears In Steel Dispute**

PITTSBURGH, Sept. 30—(P)—A government mediator said today the chances of preventing a steel strike at midnight are becoming "gloomier and gloomier."

PITTSBURGH, Sept. 30—(P)—A government mediator trying to stave off a nationwide steel strike at midnight said today "there is no basic change in the positions" of big steel and the CIO.

William N. Margolis, assistant director of the federal mediation and conciliation service, made the comment to reporters after he had spent more than three hours talking with both sides.

When asked what he meant by "basic," Margolis said it had no particular significance in the world.

The negotiations, he said, will continue. He went immediately to a meeting of union officials and said that he had another meeting with the steel companies set later.

Margolis refused to elaborate on what went on at the meetings.

"The situation is too nebulous to give any statement," he said. But he had stated earlier:

"We are ready to remain as long as it will be necessary in trying to work out an agreement."

**Banking Furnaces**

Even as the talks were going on, the gigantic steel industry was preparing for the strike. From coast to coast furnaces were being banked. And thousands of Philip Murray's CIO United Steelworkers jumped the gun in wildcat walkout.

Today's meeting opened in a general air of good humor.

Nobody mentioned in public the point at issue; should the union help pay for its insurance and pensions?

But Murray joked with reporters and he grinned as he asked Margolis:

"Is the enemy here yet?"

A mediator has no power — other than the power of suggestion. Sometimes he can hit on an idea that is acceptable to both sides. But neither the union nor the companies needs to pay any attention to what he says.

As production dropped, as picketing started, the two sides still seemed far apart.

For example, after last night's meeting with U. S. Steel Murray had only this to say:

"I wouldn't even comment about hope at this time."

That's how bleak the picture is. Federal mediators feel they can

## Settlement in Goodrich Strike

DAYTON, O., Sept. 30—(P)—Negotiators announced today they had agreed to settle the 34-day old Goodrich rubber strike of 16,000 workers.

Asa Tiller, International representative of the CIO United Rubber Workers, announced the agreement.

He said a new contract will be signed late this afternoon with the B. F. Goodrich Co.

The strike over wages and pensions affected production workers in Goodrich plants in Akron, Tuscaloosa, Ala.; Cadillac, Mich.; Clarksville, Tenn.; Los Angeles, Calif.; and Miami, Fla.

It began August 27 after expiration of the old contract. Negotiations began in Chicago but were moved to Dayton.

## The Weather

Mostly fair tonight and Saturday. Not so cool tonight, lowest near 45. Warmer Saturday, high in 70s.

Temperature: 7 a. m. 42 degrees; 2 p. m. 70 degrees.

Lake of Ozarks: 1.5; fall 2.

## Finds Pilot Ejector Really Works

MARCH AIR BASE, Calif., Sept. 30—(P)—Tech. Sgt. Vincent Didio can tell you that those pilot ejector seats really work.

Didio, 30, ground crew chief for the 94th Fighter Squadron, was checking over the cockpit of an F-86 jet plane when it happened. Somehow he hit the trigger that set off the 37 mm. shell powering the ejector.

It ejected him and the seat through the half-open canopy 20 feet in the air. He came down on the concrete flight apron in a shower of plastic — and with a broken shoulder, ribs and knee.

Long Beach naval hospital authorities said yesterday he'll be all right after a few weeks.

## Brannan Hits Back at Farm Plan Critics

**Address is Given Before Executives Club of Chicago**

CHICAGO, Sept. 30—(P)—Secretary of Agriculture Brannan said today he is not trying to sell any particular farm plan to the nation.

"I am ready and eager to accept any program, under any name, that will do for agriculture and the nation the things which I in my heart believe must be done," Brannan said.

Brannan coupled this statement with vigorous advocacy of his proposed farm program, termed the Brannan plan, in a speech prepared for the Executives club of Chicago.

The Brannan plan would let most foods seek their own price level in the market place, but would require the government to make "production payments" to the farmer if prices did not give him a "fair return." It would also require certain restrictions on each farmer's production.

"I have no pride of authorship in these proposals," Brannan said. "Indeed, I can assure you they have been urged in principle long before I became secretary of agriculture and that they are by no means the work of any one person."

Brannan hit back at critics of his plan who have said it would regiment farmers.

"I want to make it very plain," Brannan said, "that this (the Brannan plan) does not require, and that I am not asking, one jot or tittle more authority over agriculture than has already been provided by existing legislation."

"I believe the very heart of an adequate farm program, at this time, is the stabilization of farm prices at levels which will promote agricultural abundance and prosperity."

"The purchasing power of farm products is at its lowest point in more than seven years, and out of the average dollar that consumers spend for food, the farmer now gets only 48 cents."

"I realize that price supports are not a substitute for markets. But I know from experience that adequate price supports can slow down declines in farm prices—can keep them from going into that kind of a downward spiral which in the past has been the forerunner of depression for the entire country."

Brannan told the club, composed of leading Chicago businessmen, "We've got to realize it would be a betrayal of all the people of this nation to allow farm income and purchasing power to fall so low that agriculture goes down in depression and drags the whole country after it."

## Open Meeting Is Held by Brotherhoods

**Labor Groups Hear 'Employee Side' of The MoPac Strike**

"It is regrettable that the institution which advertises all over the United States as a service unit, would be a party to work stoppage over disagreements of a few cases with four labor organizations," is one of the statements Frank Aldrich, general chairman of the Brotherhood of Railroad Trainmen, told a crowd at Convention Hall Liberty Park, which gathered there Thursday afternoon to hear four international representatives tell the employee side of the Missouri Pacific strike which is in its twenty-second day.

The speaker related that the amount of money involved in the 282 cases was fantastic and could not be proven by any records that were available. He said, "We were at a loss to understand how to arrive at a figure of \$7,700,000 and we were unable to figure why the cost of new equipment, rolling stock on the railroad, would require the expenditures of \$4,300,000."

**Employees Locked Out**  
Speaking before the laboring man, he related that their job was abolished on September 9. "You've been locked out, and I sincerely hope your office will pay you for every day since September 9. I believe you're entitled to it."

In concluding his talk, he said the greatest gift of God to man is faith. "The men belong to their organizations because they have faith in them. If all of us keep faith and follow leaders, all of us will benefit in the end in this unfortunate strike." "We are going to stay out and are not going to accept any form of arbitration that we know is not right."

James Durely, appearing in behalf of Mayor Julian H. Bagby, who could not attend the meeting, due to a previous engagement, gave the welcoming address, and welcomed the four international representatives who gave talks: G. R. Ogletree, general chairman of the Order of Railroad Conductors; G. C. Davidson, general chairman of Brotherhood of Locomotive Engineers; J. H. McDonald, general chairman of the Brotherhood of Firemen and Engineermen; Frank Aldrich, all of St. Louis.

**B. A. Fischer Presides**  
B. A. Fischer, railroad conductor and local strike chairman, presided at the meeting and introduced the following: Howard Griggs, strike chairman, Whitley Woodson, both of Jefferson City; Harry Hull, president of the American Federation of Labor in

## Price Support on Corn About \$1.40

WASHINGTON, Sept. 30—(P)—A government price support rate averaging \$1.40 a bushel nationally for 1949-crop corn was indicated today by an Agriculture Department report on farm parity prices.

Such an average would compare with \$1.44 in 1948 corn. National average support rates of \$15.84 a 100 pounds for hogs for the next six months were indicated.

This compares with \$16.11 for the six months period ending today. Hog prices have been above support level since early 1945. Officials have predicted, however, that market prices later this year may drop below support guarantees.

## Greets President, On Way 'Happy'

KANSAS CITY, Sept. 30—(P)—President Truman's early morning walk today took him past the site of one of the places he used to work.

Arriving at Eighth and Walnut, midway in his 15-block walk, he stopped and pointed out to newsmen and Secret Service men the site of the old Grand theatre, where he used to usher in vaudeville days.

As he was walking north on Wyandotte street a taxi-cab driver, cruising up the street, yelled: "Hi Judge." The president acknowledged the greeting. Later at Eighth and Main the same cabman stopped, stepped out and said: "Mr. president would you shake hands with a cab driver?"

The president smiled and shook hands.

The driver drove away happy, fitting his name which is Gerald Happy.

At another point in his walk, Miss Martha Ann Truman, his niece stopped her cab at the curb and chatted briefly with her uncle.

## Avert Strike of Bus Drivers

**No Developments In Railway Walkout Today**

ST. LOUIS, Sept. 30—(P)—A strike by 300 bus drivers of the Missouri Pacific Transportation Co., has been averted.

A settlement of differences was reached late yesterday, with the drivers getting a wage increase from the present 5.7 cents a mile to 6 cents.

The Missouri Pacific Transportation Co. is a wholly-owned subsidiary of the MoPac railroad, which is tied up by a three-week-old strike. Both serve the same general area.

J. H. Duke of Little Rock, Ark., general chairman of the Brotherhood of Railroad Trainmen, said that in addition to the wage increase the bus drivers got a boost in rent allowances from \$1 to \$1.50 a night.

"Numerous other minor changes were agreed on," he said.

The settlement was reached in discussions before the U. S. Mediation and Conciliation Service. A majority of the bus drivers had voted to strike if their demands were not met.

There were no new developments today in the railway walkout. Speaking last night at a meeting of about 800 Missouri Pacific strikers, J. J. Riley, acting assistant Grand Chief Engineer of the Brotherhood of Locomotive Engineers, blamed Guy A. Thompson for the strike.

Thompson is trustee of the railroad, a job he has held 16 years. Riley charged that Thompson had brought about the strike to keep the railroad in receivership and preserve his position.

## Two Die In Fire

ELKINS, W. Va., Sept. 30—(P)—Maynard Daniels picked up a five gallon can of kerosene, he thought, to get the cookstove fire going this morning.

Sons Roger, 2, and Clifford, 3, were trapped in an upstairs bedroom and died. Mrs. Daniels is in critical condition.

## Sedalians at Testimonial Dinner

Mayor Julian H. Bagby, Frank Monroe, A. L. Bohling and Frank Hayes attended a testimonial dinner in Kansas City, Thursday night, which was held in honor of William Boyle, new Democratic national chairman.

## Battle on to Hoist Income Of Country

**President Gives Address at Boyle Dinner Thursday**

KANSAS CITY, Sept. 30—(P)—President Truman left for Washington today, ending a visit during which he spoke at a testimonial dinner for William M. Boyle, Jr., Democratic National chairman.

The president's plane left the nearby Grandview, Mo., airport at 1:13 p. m. (CST). The flight back to the capital was expected to take about three hours.

**By Ernest B. Vaccaro**

KANSAS CITY, Sept. 30—(P)—President Truman confronted Capitol Hill opponents today with a new threat to keep Congress in session until it enacts his entire "Fair Deal" program.

And, if that course fails, he said the Democrats "will win with that program" in 1950 and again in 1952.

In fighting words, he sounded the keynote for Democratic orators in next year's congressional campaigns at a testimonial dinner for the party's national chairman, William M. Boyle, Jr. Boyle, like the president, is a Jackson county Missourian.

The president, speaking last night at the end of a program in which a long list of talkers, including Vice President Barkley, preceded him also:

1. Promised to battle for the measures to raise the country's income to \$800,000,000,000 annually and establish "an income level in the country of \$4,000 per family per year" which he said "is not a pipe dream."

2. Hinted that Barkley, a frequent caller on Mrs. Carleton Hadley of St. Louis, might be getting married soon.

3. Declared that the country needs a "real, honest free press" worse than anything in the world.

4. Said that in these critical days of an uneasy peace, "it is dangerous to try to go back" to the 1890 isolationist attitude and that the country must "catch up with the moral spirit that will match the material in which we live."

**Insistent on Pledges**

The dapper, gray-haired chief executive, speaking before several thousand of the party faithful, declared that his party will battle on for enactment of its 1948 platform pledges.

"Now, I have told the Congress and the leaders in the Congress that we are going to fight it out on that basis if it takes all summer," he said.

## Kiwanis Talk On Chest Drive

Sedalia Kiwanians were familiarized with some of the objectives of the Community Chest drive at their meeting in Bothwell Hotel Thursday noon.

Arthur Morgan explained the purposes of the drive in general; Mrs. D. P. Dyer outlined the organization and service of the Melita Day Nursery; and Mrs. Carl Siegel the activities of the Girl Scouts, all of which are supported by funds of the Community Chest.

Mrs. Siegel's story was supplemented with colored motion pictures taken by William Deck of the Sedalia Girl Scouts. Claude Boul operated the projector loaned by the Sedalia Industrial Loan Co.

Clinton Muller was program chairman.

Mrs. Herbert Seifert, chairman of the Community Chest publicity, was a guest.

## Former Fighter is Accused of Murder

PHILADELPHIA, Sept. 30—(P)—A former prize fighter is held today on a murder charge growing out of a grocery store holdup in which a 55-year-old woman was frightened to death.

Detectives identified the prisoner as Carl Stevens, 26, one-time professional boxer. He was charged specifically with "homicide in the commission of a felony."

Stevens was arrested Wednesday, detectives said, in connection with the death of Mrs. Dora Levin last March. A coroner's jury found that Mrs. Levin was frightened to death by a man who held up her store. A head wound, inflicted by the robber, did not contribute to her death, the jury said.

**Albany Paper Purchased**

ALBANY, Mo., Sept. 30—(P)—The Albany Publishing company, which recently purchased the Albany Capital, will take over a second newspaper tomorrow—the Albany Ledger.

Members of the company are Jack Stapleton, Sr., Glenn Kehr and Jack Stapleton, Jr., all of Albany.

## One Injured in a Plane-Boat Crash

LAKE OZARK, Mo., Sept. 30—(P)—One person was slightly injured near Bagnell dam late Thursday when a seaplane and a speed boat collided. Seven other persons escaped injury.

Injured was Jesse F. Cole, route 3, Kansas City, a passenger in the speed boat. He suffered a cut on his left hand.

The pilot of the plane was Thomas Webber. Max Caldwell was the operator of the boat. Both the seaplane and the boat were used to take sightseers over the Lake of the Ozarks area.

John Lauck, a representative of the Lockwood boat dock where the accident occurred, said the plane was coming in for a landing and the boat was moving out from the dock into the lake. He said apparently neither the pilot nor the boat operator could see the other.

In the plane with Webber were Mr. and Mrs. T. G. Aird of Hamilton, Ontario. The pilot got the couple out of the plane and into a rescue boat.

One pontoon on the plane was punctured in the collision but the craft was towed to shore.

Three other persons were in the boat with Caldwell and Cole.

Tommy Webber, pilot of the plane which collided with a speed boat at the Lake of the Ozarks, Bagnell Dam, formerly resided in Sedalia and was an instructor in flying before the recent war.

## House Burns; Seven Perish

**Some of Score Fled Clad Only In Night Garb**

KANSAS CITY, Sept. 30—(P)—A fast moving fire roared through the interior of a two-story frame house in northeast Kansas City early today, killing seven persons and injuring four.

Approximately 20 persons lived in the house, many of them aged. Many of those who escaped fled from the flames in their night clothes.

The cause of the blaze has not been determined.

The Red Cross identified the dead as:

Mrs. Florence Richards, 85; Mrs. Cora Andrews, 68; Owen Richards, 45; Lorraine Ellis, 17; Mrs. Myrtle M. Hershey, 25, and her two children Myrtle Marie 9 months and Cletus M. Hershey, Jr., 26 months.

Cletus M. Hershey, the husband of Mrs. Hershey, was working nearby as a night watchman when he heard of the fire. He rushed to the building and after two attempts was able to make his way to the second floor where the family lived, but they were already dead.

The fire gutted the interior of the house.

**Suffer Exposure**  
The injured were listed as Mrs. Ed Bayse, 69; Charles Steele, Burt Morgan, 83 and Betty Fishbach, 64. Betty Fishbach, Steele and Morgan suffered from shock and exposure. Mrs. Bayse suffered burns and lacerations.

Richards, one of the dead, was

## Accquitted in 'Cain An Abel' Case

SPRINGFIELD, Mo., Sept. 30—(P)—Chesley Horton, tried for the slaying of his brother in a prosecution styled "Cain and Abel" case, was acquitted yesterday by a circuit court jury.

The 44-year-old Greene county farm foreman was charged with second degree murder in the shooting of his brother Riley, 46, last March 3. The prosecution charged the shooting climaxed a family quarrel over the homeplace farm in Christian county. The farm had been deeded to Riley Horton by the brothers' parents.

Horton's first trial last June ended in a hung jury.

## Share of Community Chest Funds Goes to Boy Scouts

The \$5,200 that is the Boy Scouts share of the Community Chest Fund is used in the molding of the young lives of boys in the community into men that are good and useful citizens.

The Boy Scouts of America, of which many boys and young men of Sedalia belong, has as its basic principles—Citizenship training and Character building. Within the organization are three type of units which challenge the adventurous spirit of the boys and adults who participate. The members of the Scout Family are the Cub Scouts, Boy Scouts and Explorers.

The program of the Cub Scout is built around the home where parents and boys participate. Boys 8 to 10 years are eligible for registration. Each activity for Cub Scouts is developed to challenge within the boy the spirit to make

## Order 102,000 Men Back To Pits In The Soft Coal Mines

**Traffic Toll Slightly Under a Year Ago**

CHICAGO, Sept. 30—(P)—The nation's traffic deaths in the first eight months of 1949 totaled 19,290, the National Safety Council said today.

The total, including 2,750 in August, was two per cent under the toll for the first eight months of 1948. The August toll was 100 below the July total and eight per cent below August, 1948.

**Weinberg is Named as 'Scientist X'**

**Is Accused of Slipping Secrets As to Atom**

**By Douglas B. Cornell**

WASHINGTON, Sept. 30—(P)—The House Un-American Activities committee today named Joseph W. Weinberg, University of Minnesota professor, as the "Scientist X" accused of slipping wartime atomic secrets to a Communist spy.

The committee recommended in a report that the Justice Department prosecute Weinberg on charges he lied under oath in:

1. Denying Communist party membership and attending Young Communist League meetings.

2. Knowing Communist leader Steve Nelson.

3. Knowing Nelson's secretary, Bernadette Doyle.

Committee members said these denials were made at closed door sessions it held late in 1948. At that time the witness before the committee was identified publicly only as "Scientist X."

Nelson, the committee says, "was engaged in securing information regarding the development of the atomic bomb from Scientist X."

That was back in 1943, the committee adds, when Weinberg was employed at the radiation laboratory at the University of California. The laboratory helped perfect the A-bomb.

**Is Old Story**  
The story of the Nelson-Scientist X case is an old one the committee first unfolded a year ago. But while the identity of Scientist X was widely known around Washington, the committee waited until today to put the finger on him by name.

During the intervening year it tried to weave around Weinberg a network of evidence to support its demands that he be brought to trial on perjury charges.

Today's report brings out some of that evidence, based largely on intelligence reports and on statements of security officers for the atomic project that they saw contacts between Nelson and Weinberg and Bernadette Doyle and Weinberg.

The committee quoted what it said was part of a report from intelligence agents — it didn't identify the agents—regarding instructions Nelson gave Weinberg. "The instructions were," it said, "that Weinberg should furnish Nelson with information concerning the atomic bomb project so that Nelson could, in turn, deliver it to the proper officials of Soviet government. X X X"

"Nelson told Weinberg that all Communists engaged on the atomic bomb project should destroy their Communist party membership books, refrain from using liquor and use every precaution regarding their espionage activities."

## S-C Students Pay Mrs. Cotton Tribute

Smith-Cotton high school students donated money, this week, for the purchase of a wreath to be placed on the grave of Mrs. Sarah E. Cotton.

Mrs. Cotton gave the land upon which Smith-Cotton high school is built.

The wreath was on display in the school's front hall Friday morning for the students to view. Friday afternoon, "Bill" Franklin, senior council president, placed the wreath at Mrs. Cotton's grave in Crown Hill cemetery.

The wreath is in remembrance of her birthday which is Saturday.

## Applies to Soft Coal Diggers in This Region; Strike Not Called Off

WHITE SULPHUR SPRINGS, W. Va., Sept. 30—(P)—John L. Lewis today ordered 102,000 of his United Mine Workers back to the pits but some 400,000 others will remain on strike.

Lewis told 80,000 eastern Pennsylvania anthracite miners and 22,000 bituminous diggers west of the Mississippi to resume work Monday. Their walkout was termed a sympathy move.

Lewis ordered narrows the nationwide strike to the industrially vital bituminous fields in the north, south and midwest.

With contract negotiations deadlocked and no sign of a break, Lewis sent this telegram to UMW district presidents:

"The suspension of mining in the western and anthracite areas is not now vital to the pending wage negotiations."

Mr. and Mrs. Shields Smith, of St. Louis and his sister, Mrs. Roy Pile and Mr. Pile of Liberal, Kas., visited the week-end with another sister, Mrs. Tom Ellis and Mr. Ellis. On Sunday in addition to the above guests, Mr. and Mrs. Ellis had the following relatives at 12:00 o'clock dinner. A son, Carl Ellis, Mrs. Ellis and son Gary and daughter, Joyce; Mr. and Mrs. Golder Luehjen and son Hulien of Otterville and Miss Edna Crane of Sedalia. Mr. and Mrs. Smith left Monday for their home but Mr. and Mrs. Pile remained for a longer visit. On Tuesday, Mr. and Mrs. Pile, Mrs. Tom Ellis and Mrs. Carl Ellis and daughter Joyce visited in the Luehjen home at Otterville.

Mrs. George Knox, teacher of the Clifton City school and R. L. Potter, teacher of the Lamine school made their regular semi-monthly trip to Boonville where they are taking a course in conservation under Dr. George Smith, from the Missouri university. Mr. Potter announced in his school here, Thursday, that a special program would be presented at his school Friday evening, October 21.

Mr. and Mrs. Harry Miller of Kansas City visited here over the week-end with Mrs. Miller's parents, Mr. and Mrs. J. H. Potter.

Mrs. George Schneider of Wichita, Kas., and her sister, Mrs. Bernie Todd of Independence, were guests of their parents, Mr. and Mrs. Lester Stone here over the week-end and attended the miscellaneous shower for Misses Agnes and Pauline Gramlich at the school house Saturday afternoon.

Mrs. Francis Schuster and daughters Joan and Geraldine of Boonville visited Mrs. Schuster's

parents, Mr. and Mrs. Frank Gramlich over the week-end. Mrs. J. W. Walz who had charge of the cooking for the school children in the Clifton City school quit last week due to illness and Mrs. W. L. Smith now has charge of the cooking. The Clifton City school has an enrollment of 30 pupils.

Mrs. Roy Snapp and daughter, born at the Bothwell hospital, September 14, were dismissed last Thursday and brought to the home of Mrs. Snapp's parents, Mr. and Mrs. Logan Siegel here where she will stay a while. Mrs. Lillis Manning, of Nelson, who has been ill for a week was brought here to the home of her daughter, Mrs. C. A. Higdon, Monday, where she expects to remain until her condition improves. Mrs. Oscar Dove will be hostess to the Clifton City Homemakers club at her home next Wednesday October 5 in an all-day session.

### Strip Tease Artists Dismissed by Judge

MIAMI, Fla., Sept. 30—(AP)—Two strip tease dancers came within an inch of conviction in court of crimes.

Deputy Sheriff George Patton charged that Penny Art and Jackie Paul "did unlawfully expose and exhibit their breasts in a vulgar and indecent manner" in a night club (Red Barn).

Judge Wayne Allen listened to testimony concerning scanty upper garments worn by the girls and their ruled no vulgarity was proved.

"If you had gone an inch further, you would have been in trouble," the judge said.

"According to the standards when I was a boy," he added, "you could arrest every girl on the beaches today."

In 1935 height record of 72,395 feet set by Capt. Albert Stevens and Orville Anderson in a balloon was still higher than any other man had flown in 1949.

About 10 per cent of the steel workers of the United States are classed as unskilled.

Top speed of the old covered wagons which helped settle America was about 20 miles a day.

# Senate Passes a Pay Raise Bill

WASHINGTON, Sept. 30—(P)—The Senate last night passed 52 to 14 a bill to boost the pay of cabinet members and other top level government officials.

It goes to the House which has approved a bill calling for generally larger salary increases for some 24 key executives.

Mr. Truman had urged Senate approval of the House bill.

The Senate bill, calling for increases totalling about \$700,000, would raise the pay of cabinet officers to \$22,550. They now get \$15,000. The House voted \$25,000.

The heads of federal agencies and undersecretaries of departments would get increases bringing their salaries to \$815,000, or \$5,000 less than the House approved.

By a narrow 39 to 28 margin, a Senate group lost a fight to amend the bill by requiring President Truman to slash federal spending five to 10 per cent.

Senate administration leaders angrily attacked the Republican-sponsored proposal as a move to shift the burden of balancing the national budget from congress to the White House.

# Stop Gambling in St. Louis Ordered

ST. LOUIS, Sept. 30—(P)—Evidence of "Rackets" and payoffs in some sections of the city was reported Thursday by members of the St. Louis Board of Police Commissioners.

All district police commanders were summoned to a special meeting with the board and ordered to stamp out gambling, liquor law violations and prostitution.

Commissioner Daniel G. Church told the police officers: "We have information—not just rumors—that there are rackets going on in some districts—maybe a little cut here and there."

Interrupting him, board President William L. Holzhausen said "Bear in mind, Gentlemen, we will hold the captains responsible, not the desk sergeants."

Church did not elaborate on his statement.

Maurice Roberts, vice president of the board, said it probably would be impossible to stop all gambling, liquor violations and prostitution, but added: "It would make Gov. Smith very happy if you will do everything possible to enforce the law."

Roberts said he conferred with Gov. Smith in Jefferson City last week.

Holzhausen opened the meeting by saying that "some of you are doing splendid work, while other districts do not have good records."

The commissioners asked for law enforcement suggestions. Several of the Captains said lack of manpower made complete law enforcement difficult in certain areas. Holzhausen promised the board would investigate the situation.

# 'Tokyo Rose' Guilty Of Broadcasting

SAN FRANCISCO, Sept. 30—(P)—A federal court jury tonight convicted Iva Toguri D' Aquino of treason for "Tokyo Rose" broadcasts during the war.

It had deliberated since Monday noon.

The dog-tired jury of six men and six women found her guilty of just one of the eight charges—that of making a broadcast concerning loss of American ships.

The jury, which took the case at 11:44 a. m. (1:44 p. m. CST) Monday, twice turned down Federal Judge Michael J. Roche's offers of a recess in order to drive toward a verdict.

There never was the slightest indication how the jury stood.

To the rescue came three neighbor boys with tractors and drills. Working as a team the boys planted the 85 acres in three hours and were off to the fair. Note how the tractors are staggered so the drivers don't have to ride through the dust of the leading drills.

# Barkley Pleased Over Romance

ST. LOUIS, Sept. 30—(P)—Vice Pres. Barkley noted Thursday he's been getting a lot of publicity lately and "that shows what a gracious and charming woman can do for a man."

Barkley's remarks concerning his much publicized romance with Mrs. Carleton S. Hadley came at a Rotary Club luncheon.

He said he still didn't know if he would "make the grade or not, but it's wonderful to have so many people in the United States, regardless of race, color or religion, pulling for me."

It was his sixth visit here in recent weeks. Barkley slipped into town almost unnoticed yesterday and attended a dinner with six other guests at Mrs. Hadley's apartment. He left after the luncheon for Kansas City and a dinner honoring William M. (Bill) Boyle, new Democratic party national chairman.

The vice president discussed government spending.

"All of us look forward to the day when we can reduce the budget and reduce taxes also," he declared. "But the things we are trying to preserve are priceless. Therefore no reductions can be made at this time."

# Call Off Rescue For Italian Fliers

NEW YORK, Sept. 30—(P)—A renewed plane and ship search for two missing Italian Trans-Atlantic fliers was called off late Thursday after the mysterious message which inspired it was exposed as a hoax.

The mysterious message had given hope that the two airmen—John M. Brondello and Camillo—might be drifting in the Atlantic 300 miles east of the Bahamas. They had been missing 12 days.

However, reports from Rome late in the day indicated that the whole thing was based on a fake message received by "telepathic currents," not by radio.

At the same time, the coast guard announced here that the Italian embassy in Washington, after a series of urgent inquiries in Rome, had reported "all authorities regard case as hoax."

The coast guard advised the air force and navy, and the rescue effort organized by the services was abandoned.

By the time the alarm was turned in from a neighbor's house the fire was out of control.

# Electric And Rain Storms Kill Seventy-five in Spain

MADRID, Sept. 30—(P)—Seventy-five persons have lost their lives in a three-day electric and rain storm which has flooded vast areas of Spain.

In addition to the death toll, nearly 100 persons were reported missing last night as the weather bureau forecast no immediate let-up in the peninsula-wide storm.

# Reports Meat Is Six-Percent Lower

CHICAGO, Sept. 30—(P)—The National Association of Retail Grocers said that meat is averaging six per cent lower at retail prices now than a year ago.

Vincent L. Browner, Des Moines, Ia., treasurer of the group, said in a statement he based his estimate on a spot check of association members and on a survey by the American Meat Institute.

There are an estimated 300,000 miles of city streets in the United States.

ST. JOSEPH, Mo., Sept. 30—(P)—It was just an unlucky day all around for one truck here.

Wednesday morning firemen were called to put out a blaze which broke out around the vehicle's engine. Then the truck was taken to the Miller Chevrolet Company. Last night it was one of 50 cars and trucks destroyed when one of the company's buildings burned.

# Death and Injury Mar Demonstration

BOSTON, Sept. 30—(P)—Death and injury marred a full-scale demonstration assault on a Boston bathing beach staged by navy and marine corps as a feature of the marine corps league national convention.

One civilian—Morris Fineberg, 56, veteran Boston Post photographer, was killed and four navy men and another civilian were reported injured in a series of explosions that marked the landing operations.

Fineberg met death just as the landing operation began.

A fellow cameraman, James L. Callahan of the Boston Globe, said Fineberg was felled, apparently by a fragment from an exploding mortar being used to send aloft parachute bombs to simulate naval fire above landing troops.

The operator of the mortar appeared critically wounded by the blast, Callahan said.

Three navy men were taken to the Carney hospital.

# Kansas City C. of C. In Visit to Sedalia

Forty members of the Kansas City Chamber of Commerce were guests of the Sedalia Chamber of Commerce in a noon luncheon at the Old Missouri Homestead Thursday.

According to John F. Zander, secretary of the Sedalia Chamber of Commerce, the Kansas City representatives showed color slides and told the local group about the American Royal and other features of their city.

During the course of the luncheon C. H. Tickamyer, a Kansas City representative, presented Emory Ellsworth with a key to Kansas City. Ellsworth was representing Mayor Julian H. Bagby, who was unable to attend. Tickamyer also presented Ellsworth, Robert Overstreet, and John Zander with American Royal neckties.

The Kansas City group left Kansas City Tuesday and have now completed their 25-city tour that included Sedalia, Warrensburg, Springfield, Jefferson City. After their stop here in Sedalia they went on to Kansas City.

About forty local Chamber of Commerce members attended the luncheon.

## Truman Talks And Praises Bill Boyle, Jr.

'Fair Deal' Program Will 'Win in 1950 And 1952' for Party

By ERNEST B. VACCARO

KANSAS CITY, Sept. 29.—(P)—President Truman declared here tonight that the Democratic party will "win in 1950" and again "in 1952" by campaigning on his "Fair Deal" program.

In a fighting party speech at a testimonial dinner for Democratic National Chairman William M. (Bill) Boyle, Jr., the President also:

1. Predicted enactment of his program if it "takes all summer, all next winter and all next summer."

2. Declared that this nation can establish an income upwards of 300 billion dollars annually and an income of \$4,000 per family for one-fourth the population who have less than a \$2,000 income per year.

Glad Barkley Reached K. C.

3. Hinted at the approaching marriage of Vice-President Barkley, another speaker, with these words:

"I am glad to get the distinguished Vice-President to visit some place in Missouri outside of St. Louis."

"He is a grand man. I am exceedingly glad that he is about to become a citizen of Missouri."

Barkley's frequent dates with Mrs. Charleston Hadley, St. Louis widow, has stirred repeated reports that a wedding might be in the offing.

Says President "Just Kidding"

Barkley's daughter, Mrs. Max O. Truitt, a guest at the dinner, dismissed the President's remarks as "Just kidding, just wise-cracking."

She said that also went for Barkley's greeting to the audience as "fellow Missourians."

Nearly 9,000 persons packed into Kansas City's spacious Municipal Auditorium to hear the President's speech which appeared to keynote the Democratic congressional campaign of 1950. Of this number nearly 3,000 paid \$15 a plate for a steak dinner.

Scores of national and senate political figures attended the dinner, including cabinet members, governors from several states, government department and agency heads.

Distinguished Guests There

Among them were J. Howard McGrath, attorney general, Mrs. Georgia Neese Clark, U. S. Treasurer, Gov. Jim Folsom of Alabama, Gov. Roy Turner of Oklahoma, Gov. Forrest Smith of Missouri.

Mr. Truman assailed the so-called "special interests," his favorite target in many a campaign talk.

And he spoke caustically of newspaper men who opposed his election last November.

And said "A free press" is needed more than anything else in this country.

He referred to "Broken-down reporters turned columnists" and to "pollsters" who "couldn't fool the people."

Mr. Truman voiced a new hope for eventual establishment of worldwide peace.

"What is needed," he said "is a moral spirit matching the material spirit in which we live."

"People must think," he continued, "of the welfare of their fellow men in every country of the world."

"Our political parties are the means through which our people make the choice of going forward or backward, of having a government for the people or a reactionary government for special interests," the President said.

Glad to See Friends

"We missed that last fall, thank God!"

He said he was "more than happy to see a large number of my Republican friends here."

"They expect to come here and weep with me after last November, but they are here to celebrate with me now," he said with a grin.

Mr. Truman sat at Boyle's left during the dinner. On Boyle's right sat Mrs. Max O. Truitt, daughter of Vice-President Barkley.

In the audience were former mayor Edward J. Kelly of Chicago and Cook County political leader Jake Arvey.

Seated at a front table on the auditorium floor were the President's sister, Miss Mary Jane Truman, and his brother, J. Vivian Truman of Grandview, Mo. His brother had to leave the auditorium at the beginning of the President's talk. He appeared to be in ill health.

## Seriously Hurt in Fall From Tree

Oliver P. Myers, 68 years old, of Syracuse, was seriously injured Wednesday evening when he fell from a tree while trimming trees for Bill Hatfield. It is believed that Mr. Myers saw caught in the tree and he stepped back on a dead limb which broke with his weight.

Mr. Myers was brought to the Bothwell hospital where it was found he has a fractured skull, compound fracture of the right wrist, fracture of the left wrist, multiple contusions and abrasions and possible internal injuries.

## Violence Breaks Again In Coal Areas

Hidden Riflemen Ambush Convoy In Pennsylvania

By the Associated Press

Hidden riflemen ambushed a 14-truck coal convoy on Snow Shoe mountain in central Pennsylvania today, firing a dozen shots at the non-union truckers. No one was reported hurt.

Earlier dynamite blasts wrecked non-union mine tipples in Pennsylvania and Kentucky.

It was the fourth straight day of violent outbreaks in the nation's coal fields.

State Policeman Howard Hancock said no pickets were in sight when the heavily guarded convoy began its slow descent of the mountain.

"We didn't know we were being fired upon at first," said State Police Corporal Robert Daily. "But after the first few shots we realized what it was and stopped the caravan."

He led the detail of troopers into the thickly wooded area, found no one.

The explosion at Butler county, Ky., caused several thousands of dollars worth of damage. A tipple and nearby motor house were destroyed and the countryside rocked for several miles.

The Pennsylvania blast at Grass Flats was blamed by Robley M. Smith, president of the Juncatale Coal company on United Mine Worker pickets.

"There's no doubt about it," Smith declared. "It was an out-and-out case of sabotage."

He estimated damage at \$10,000 and said it will take a week to put his tipple back in operation. No one was hurt in either blast.

Eleventh Day of Strike

The explosions, together with a state of emergency directive by Virginia's governor, William M. Tucker, provided a turbulent background for the resumption of negotiations today between John L. Lewis' mine workers and two big branches of the coal industry.

The walkout of 480,000 mine workers was in its 11th day today. Lewis, who isn't expected to attend meetings with the Southern coal operators and with the northern and western miners, said it was a spontaneous demonstration, not a strike.

The mine workers are angry at the cutoff of welfare and pension benefits.

Virginia's governor announced he was reorganizing the Virginia council of defense. He ordered it to secure "every available pound of coal" for the state's use.

But William F. Minton, president of UMW district 28, told a reporter "no" when asked if he thought the union miners would return to the pits in Virginia mines before a contract is signed.

Minton recalled Tucker's statement on September 19 that "there may be mollycoddling of these labor leaders in Washington, but there will be no mollycoddling in Virginia."

To which the UMW leader said:

"I think Tucker is mollycoddling. He is just kidding himself. He is not fooling the public or anyone else."

There was violence, too, in Alabama. There, a miner was reported killed by gunfire and another seriously wounded. The sheriff at Jasper said, however, he couldn't confirm the death.

## 'Tokyo Rose' Guilty Of Broadcasting

SAN FRANCISCO, Sept. 29.—(P)—A federal court jury tonight convicted Iva Toguri D' Aquino of treason for "Tokyo Rose" broadcasts during the war.

It had deliberated since Monday noon.

The dog-tired jury of six men and six women found her guilty of just one of the eight charges—that of making a broadcast concerning loss of American ships.

The jury, which took the case at 11:44 a. m. (1:44 p. m. CST) Monday, twice turned down Federal Judge Michael J. Roche's offers of a recess in order to drive toward a verdict.

There never was the slightest indication how the jury stood.

## Open Meeting Is Held by Brotherhoods

Labor Groups Hear 'Employee Side' of The MoPac Strike

"It is regrettable that the institution which advertises all over the United States as a service unit, would be a party to work stoppage over disagreements of a few cases with four labor organizations," is one of the statements Frank Aldrich, general chairman of the Brotherhood of Railroad Trainmen told a crowd at Convention Hall Liberty Park, which gathered there Thursday afternoon to hear four international representatives tell the employee side of the Missouri Pacific strike which is going into its 22nd day.

The speaker related that the amount of money involved in the 282 cases was fantastic and could not be proven by any records that were available. He said, "We were at loss to understand how to arrive at a figure of \$7,700,000 and we were unable to figure why the cost of new equipment, rolling stock on the railroad, would require the expenditures of \$4,300,000."

Employees Locked Out

Speaking before the laboring man, he related that their job was abolished on September 9. "You've been locked out, and I sincerely hope your office will pay you for every day since September 9, I believe you're entitled to it."

In concluding his talk, he said the greatest gift of God to man is faith. "The men belong to their organizations because they have faith in them. If all of us keep faith and follow leaders, all of us will benefit in the end in this unfortunate strike." "We are going to stay out and are not going to accept any form of arbitration that we know is not right."

James Durey, appearing in behalf of Mayor Julian H. Bagby, who could not attend the meeting, due to a previous engagement, gave the welcoming address, and welcomed the four international representatives who gave talks: G. R. Ogletree, general chairman of the Order of Railroad Conductors; G. C. Davidson, general chairman of Brotherhood of Locomotive Engineers; J. H. McDonald, general chairman of the Brotherhood of Firemen and Enginemen; Frank Aldrich, all of St. Louis.

B. A. Fischer Presides

B. A. Fischer, railroad conductor and local strike chairman, presided at the meeting and introduced the following: Howard Griggs, strike chairman, Whitley Woodson, both of Jefferson City; Harry Hull, president of the American Federation of Labor in Sedalia, William Donath, president of the Federated Shop Crafts, George S. Young, number one engineer in point of years, and F. "Muggs" Lister, number one conductor in point of service.

Reverend Warren L. Botkin, rector of the Calvary Episcopal church, gave a brief talk and followed with a prayer.

J. H. McDonald followed Mr. Aldrich, who was the principal speaker, in relating why the four general chairmen were there that afternoon, said, "We are unable to get before the public the facts in this controversy, so we general chairmen have started a little crusade in talking to our members as well as any other labor groups who may come in to hear what we have to say."

He also related facts about 1562 cases settled in 1946, and pointed out how the claims were settled by relating a few examples which he said occurred on the railroads.

G. C. Davidson said, "Men have earned enough for the railroad to keep it out of bankruptcy." He added that the railroad has been in bankruptcy since August 1943.

Shared Responsibilities

Mr. Davidson said "We have shared responsibility in connection with the strike. I visualize steel mills closing down; thousands of people laid off—I've thought of other industries—I've thought of all that, and then I look over the principles involved in this question, and when I look over these principles, I find only one course left open."

"In the thousands of faces I've looked over in the past 15 days, I've never seen a more determined set of employees in my life, and with the cooperation of these four organizations, they are going to win."

G. R. Ogletree told the employees that hospital dues have been taken care of, and instructions pertaining to them will be issued in the event the strike continues. He said, "Your Grand Lodge is behind you 100 per cent," and said "If we lose this strike, God help the brothers on the other railroads."

Bothwell Hospital Notes

Admitted for medical treatment: Arnold C. T. Viets, of Mora.

Admitted for surgery: Robert Ray Scott, Syracuse.

Dismissed: John Howard Remo, route 5, Sedalia and Miss Ellen Bell, of Clinton.

## One Injured in a Plane-Boat Crash

LAKE OZARK, Mo., Sept. 29.—(P)—One person was slightly injured near Bagnell dam late today when a seaplane and a speed boat collided. Seven other persons escaped injury.

Injured was Jesse F. Cole, route 3, Kansas City, a passenger in the speed boat. He suffered a cut on his left hand.

The pilot of the plane was Thomas Webber. Max Caldwell was the operator of the boat. Both the seaplane and the boat were used to take sightseers over the Lake of the Ozarks area.

John Lauck, a representative of the Lockwood boat dock where the accident occurred, said the plane was coming in for a landing and the boat was moving out from the dock into the lake. He said apparently neither the pilot nor the boat operator could see the other.

In the plane with Webber were: Mr. and Mrs. T. G. Aird of Hamilton, Ontario. The pilot got the couple out of the plane and into a rescue boat.

A pontoon on the plane was punctured in the collision but the craft was towed to shore.

Three other persons were in the boat with Caldwell and Cole.

Tommy Webber, pilot of the plane which collided with a speed boat at the Lake of the Ozarks, Bagnell Dam, formerly resided in Sedalia and was an instructor in flying before the recent war.

## Stop Gambling in St. Louis Ordered

ST. LOUIS, Sept. 29.—(P)—Evidence of "Rackets" and payoffs in some sections of the city was reported today by members of the St. Louis Board of Police Commissioners.

All district police commanders were summoned to a special meeting with the board and ordered to stamp out gambling, liquor law violations and prostitution.

Commissioner Daniel G. Church told the police officers: "We have information—not just rumors—that there are rackets going on in some districts—maybe a little cut here and there."

Interrupting him, board President William L. Holzhausen said "Bear in mind, gentlemen, we will hold the captains responsible, not the desk sergeants."

Church did not elaborate on his statement.

Maurice Roberts, vice president of the board, said it probably would be impossible to stop all gambling, liquor violations and prostitution, but added: "It would make Gov. Smith very happy if you will do everything possible to enforce the law."

Roberts said he conferred with Gov. Smith in Jefferson City last week.

Holzhausen opened the meeting by saying that "some of you are doing splendid work, while other districts do not have good records."

The commissioners asked for law enforcement suggestions. Several of the Captains said lack of manpower made complete law enforcement difficult in certain areas. Holzhausen promised the board would investigate the situation.

## Electric and Rain Storm Kill Seventy-Five in Spain

MADRID, Sept. 29.—(P)—Seventy-five persons have lost their lives in a three-day electric and rain storm which has flooded vast areas of Spain.

In addition to the death toll, nearly 100 persons were reported missing tonight as the weather bureau forecast no immediate let-up in the peninsula-wide storm.

## Barkley Pleased Over Romance

ST. LOUIS, Sept. 29.—(P)—Vice-President Barkley noted today he's been getting a lot of publicity lately and "that shows what a gracious and charming woman can do for a man."

Barkley's remarks concerning his much publicized romance with Mrs. Charleston S. Hadley came at a Rotary Club luncheon.

He said he still didn't know if he would "make the grade or not, but it's wonderful to have so many people in the United States, regardless of race, color or religion, pulling for me."

It was his sixth visit here in recent weeks. Barkley slipped into town almost unnoticed yesterday and attended a dinner with six other guests at Mrs. Hadley's apartment. He left after the luncheon for Kansas City and a dinner honoring William M. (Bill) Boyle, new Democratic party national chairman.

The vice president discussed government spending.

"All of us look forward to the day when we can reduce the budget and reduce taxes also," he declared. "But the things we are trying to preserve are priceless. Therefore no reductions can be made at this time."

## Senate Passes a Pay Raise Bill

WASHINGTON, Sept. 29.—(P)—The Senate tonight passed 52 to 14 a bill to boost the pay of cabinet members and other top level government officials.

It goes to the House which has approved a bill calling for generally larger salary increases for some 24 key executives.

Mr. Truman had urged Senate approval of the House bill.

The Senate bill, calling for increases totalling about \$700,000, would raise the pay of cabinet officers to \$22,500. They now get \$15,000. The House voted \$25,000.

The heads of federal agencies and undersecretaries of departments would get increases bringing their salaries to \$315,000, or \$5,000 less than the House approved.

By a narrow 39 to 28 margin, a Senate group lost a fight to amend the bill by requiring President Truman to slash federal spending five to 10 per cent.

Senate administration leaders angrily attacked the Republican-sponsored proposal as a move to shift the burden of balancing the national budget from congress to the White House.

## MoPac Settles Bus Differences

ST. LOUIS, Sept. 29.—(P)—Settlement of differences which threatened a strike of motor coach operators of the Missouri Pacific bus lines was announced today by Roy J. McDermott, vice president and general manager of the bus company.

Signing of the agreement, terms of which are retroactive to Aug. 15, expiration date of the old contract, will take place tomorrow by company officers and the Brotherhood of Railway Trainmen, which represents the motor coach operators.

The bus company is a wholly-owned subsidiary of the Missouri Pacific Railroad, which has been tied up by a strike of 5000 operating employees for three weeks. Governors of the eleven states affected by the strike are scheduled to meet here next Thursday in an attempt to settle it. The meeting was arranged yesterday by Gov. Forrest Smith of Missouri.

## UAW and Ford Have Unique New Contract

Agree on Pension Plan and Heads Off Strike of 115,000

By EDWARD PRIZER

DETROIT, Sept. 29.—(P)—A unique new contract permitting Ford employees to retire on \$100 a month set a goal today for millions of other workers.

The unprecedented 30-month agreement was reached this morning by Ford Motor Co. and the CIO United Auto Workers. It ended a 118-day bargaining battle and, at the last minute, headed off a strike of 115,000 Ford workers.

Under the terms, employees with 30 years service can retire at 65 with full pensions. Ford will pay the entire cost, adding enough to the Federal Social Security benefits to bring the total to \$100.

No Wage Increase

The new Ford contract calls for no wage increase. It follows broadly the recommendations of President Truman's fact-finding committee in the steel dispute.

Many other unions fighting for economic security undoubtedly will use the contract as a bargaining weapon.

Immediately there was a question whether Ford's grant of benefits equal to 19 cents an hour would boost the firm's prices. Henry Ford II, company president, said frankly in New York he didn't know.

The pensions will cost Ford an estimated \$20,000,000 annually.

The contract was a clear victory for the UAW on one important point: That the company should foot the entire pension bill.

The plan is non-contributory on the part of the worker. The employee, however, makes his contribution to the Federal Social Security portion of the plan.

First Major Crack

Most of heavy industry had been solidly refusing to grant any pensions to which employees did not contribute. Ford is the first major crack in this wall of opposition.

UAW officers expected the rank-and-file members to ratify the contract quickly. It will be submitted to them, probably Wednesday, and must be approved by Oct. 24. This is considered a formality.

The contract—effective Oct. 1—runs to April 1, 1952. It is the longest ever drawn up in the auto industry. The pension plan is also the first in the car-making field.

UAW President Walter Reuther said the UAW now would push an all-out fight against Chrysler Corp. Chrysler negotiations have been lagging as Ford took the lead. The UAW will now open up with the Ford settlement as ammunition.

## Death and Injury Marr Demonstration

BOSTON, Sept. 29.—(P)—Death and injury marred a full-scale demonstration assault on a Boston bathing beach staged by navy and marine corps as a feature of the marine corps league national convention.

One civilian—Morris Fineberg, 56, veteran Boston Post photographer, was killed and four navy men and another civilian were reported injured in a series of explosions that marked the landing operations.

Fineberg met death just as the landing operation began.

A fellow cameraman, James L. Callahan of the Boston Globe, said Fineberg was felled, apparently by a fragment from an exploding mortar being used to send aloft parachute bombs to simulate naval fire above landing troops.

The operator of the mortar appeared critically wounded by the blast, Callahan said.

Three navy men were taken to the Carney hospital.

## Save Nearly Everything But the House in a Fire

PATTONSBURG, Mo., Sept. 29.—(P)—When members of the Harvey Harmon family discovered their farm house was on fire late yesterday they quickly started carrying out the furniture.

Someone even ripped the telephone off the wall before they remembered to call the Pattonburg fire department.

By the time the alarm was turned in from a neighbor's house the fire was out of control.

## An Unlucky Day For St. Joseph Truck

ST. JOSEPH, Mo., Sept. 29.—(P)—It was just an unlucky day all around for one truck here.

Yesterday morning firemen were called to put out a blaze which broke out around the vehicle's engine. Then the truck was taken to the Miller Chevrolet Company. Last night it was one of 50 cars and trucks destroyed when one of the company's buildings burned.

## Call Off Rescue For Italian Eliers

NEW YORK, Sept. 29.—(P)—A renewed plane and ship search for two missing Italian Trans-Atlantic fliers was called off late today after the mysterious message which inspired it was exposed as a hoax.

The mysterious message had given hope that the two airmen—John M. Brondello and Camillo—might be drifting in the Atlantic 300 miles east of the Bahamas. They had been missing 12 days.

However, reports from Rome late in the day indicated that the whole thing was based on a fake message received by "telepathic currents," not by radio.

At the same time, the coast guard announced here that the Italian embassy in Washington, after a series of urgent inquiries in Rome, had reported "all authorities regard case as hoax."

The coast guard advised the air force and navy, and the rescue effort organized by the services was abandoned.

## Disagree as To Fireman

Fact Finders Had Rejected Second One on Diesels

\*By Norman Walker

WASHINGTON, Sept. 29.—(P)—A disagreement over safety requirements is the main issue involved in the labor dispute which threatens a nationwide railroad strike next month.

The Brotherhood of Locomotive Firemen and Enginemen argues that a second fireman should be added to diesel engines for safety's sake. It also says that by doing more work than steam locomotives, and thus reducing the number of trains needed, the diesels may throw firemen out of work.

A presidential fact-finding board held long, detailed hearings into the union demand, and then rejected it.

Now the union, protesting that decision, is talking of a nationwide walkout. David B. Robertson, the brotherhood's president, said "We think the fact-finding board is 10 per cent wrong."

A strike—if there should be one—could not occur until 30 days after the board reported, or until Oct. 19. The law prohibits walkouts for that period following the report of a presidential fact-finding panel.

Makes No Comment

Rail management spokesmen declined to comment on the strike prospect. They said the extra fireman issue was dealt with fully by the board and "nothing we could say would add to it."

Diesels now are run with one engineer and one fireman. The union contends that the single fireman now is of little help to the engineer in looking for trouble ahead on the rails because he must often go back to work on the engines.

But the board ruled that a second fireman could hardly improve safety. It said diesels already have a fine safety record and mechanical changes are steadily making them safer.

The board said engine difficulties are rare and, when they occur, they become known through instruments in the engine cab.

"An analysis of the accident reports," the board said, "cannot possibly support a conclusion that the present operating and watchmen rules are woefully defective. The safety record of diesels is outstandingly good, and it follows that the safety rules now applicable have produced good results."

"At the same time, it is of moment to determine whether or not the particular rule now proposed by the brotherhoods would likely have averted some or all of the accidents that did occur despite the protection of the existing rules."

## Strip Tease Artists Dismissed by Judge

MIAMI, Fla., Sept. 29.—(P)—Two strip tease dancers came within an inch of conviction in court of crimes today.

Deputy Sheriff George Patton charged that Penny Art and Jackie Paul "did unlawfully expose and exhibit their breasts in a vulgar and indecent manner" in a night club (Red Barn).

Judge Wayne Allen listened to testimony concerning scanty upper garments worn by the girls and their ruled no vulgarly was proved.

"If you had gone an inch further, you would have been in trouble," the judge said.

"According to the standards when I was a boy," he added, "you could arrest every girl on the beaches today."

Dismissed: Orin Lesser, 1515 South Grand avenue and Miss Lestra Jane Sloan, daughter of Mr. and Mrs. Frank Sloan, 228 West Saline street.

## Strike Almost Certain

One Small Company Accepts Terms as Other Companies Get Ready for a Strike

PITTSBURGH, Sept. 29.—(P)—One small steel company today accepted the CIO United Steelworkers' terms but all other signs pointed to a nationwide steel strike at midnight Friday.

As other companies banked their furnaces—and some workers already were

Mrs. W. T. Stephens entertained Friday afternoon at her home, 1416 South Kentucky avenue in honor of Mrs. Luther Landis, a recent bride.

The afternoon was spent in conversation and in guessing games.

Refreshments were served to the following guests: Mrs. Landis, the honoree; Mrs. Cord Bohling, Mrs. Frank Twenter, Mrs. Jess Saunders, Mrs. J. B. Hancock, Mrs. A. R. Stevens, Mrs. Grace Leiter, Mrs. Emma Woodward and Miss Elizabeth Stephens.

A surprise birthday party was given Friday afternoon in honor of Mrs. Elizabeth Menefee, of 706 North Grand avenue.

Those attending were: Mrs. John Kuhn, Mrs. Frank Eck, Mrs. R. W. Williams and son, Michael, Mrs. Harry Colvin, Mrs. William Brown, and son, Bill, Jr., Mrs. Christy Spahr and daughter, Sharon, Mrs. Mollie Dale, Mrs. Gene Turner, Mrs. Asa Chambers, Mrs. Pete Menefee and Mrs. Ernest Stricker. Refreshments of ice cream and cake were served.

At 5:30 o'clock Friday afternoon, September 2, in the Lutheran church in Cole Camp, Miss June Klein, youngest daughter of Mr. and Mrs. William F. Klein, of Windsor, became the bride of Mr. Charles R. Goosen, son of Mr. and Mrs. Edward Goosen, of Lincoln.

The bride's choice for her wedding was a street length dress of navy blue crepe, with which she wore navy blue accessories and her shoulder corsage was of red roses.

Mrs. Harold Kreisler, sister of the bridegroom, was the bride's only attendant. She wore a gray dress with accessories of black and her corsage was of red carnations.

Mr. Harold Kreisler served Mr. Goosen as best man.

The bride was graduated from the Lincoln high school in the class of 1949 and attended Central Business college in Sedalia during the summer. At the present time she is employed in the office of Sears and Roebuck in Kansas City.

Mr. Goosen was graduated from the Lincoln high school in the class of 1943. He served in World War II and is now employed at the Ford Motors in Kansas City.

A reception for the immediate families was held at the rural home of the bride's parents, following the ceremony. The home was decorated with arrangements of garden flowers. The lace covered dining table was centered with a three-tier wedding cake on which was a miniature bride and bridegroom. On either side were lighted tapers in crystal holders.

The couple is now at home at 3410 Woodland avenue, Kansas City.

MISS Beryl Evans, daughter of Mr. and Mrs. Charles Evans, route 5, spent Friday in Warrensburg visiting her sorority sisters of Sigma Sigma Sigma. She also attended the football game and dance that evening.

A shower was given at the home of Mrs. Jim Greer of LaMonte Wednesday in honor of Mrs. Charles Sparks, also of LaMonte.

Games were played, with awards going to Mrs. Logan Colwell, Mrs. Bill D. Patterson.

After the games Mrs. Sparks opened her gifts.

Refreshments were served to Mrs. Charles Sparks, Mrs. Herman Reichhoff, Mrs. Harry Sparks, Mrs. Emma Teague, Mrs. Sallie Sparks, Mrs. Logan Colwell, Mrs. George Rissler, Mrs. Clayton Wheeler, Mrs. Forrest Patterson, Mrs. Emma Means, Mrs. Forrest Winston, Mrs. No. J. Hoke, Mrs. John Tyler, Mrs. W. T. Sumner, Mrs. T. J. Harrison, Mrs. Joe Morgan, Mrs. Bud Wheeler and son, Bobby, Mrs. Lawrence Whisker and son, Kenny, Mrs. M. L. Wade, Mrs. Warren Lind and son, Freddie, Mrs. Bill D. Patterson, Mrs. J. W. Greer, Mrs. Herman Opfer and Miss Nannie Rose Harrison, all of LaMonte, and Mrs. A. B. Gardner, of Sedalia.

Those invited but unable to attend were Mrs. Ray Hudson, Mrs. Henry Koelling, Mrs. Paul Faulconer, Mrs. Pearl Whittall, Mrs. Pearl Hall, Mrs. E. D. Marshall, Mrs. Gordon Wade, Mrs. Roy Taylor and Mrs. Jim Fowler. Mrs. Greer was assisted by Mrs. Forrest Patterson, Mrs. A. B. Gardner and Mrs. George Rissler.

Miss Norene Brandes, daughter of Mr. and Mrs. Carl Brandes of Buncectn and Thomas Haeslip, son of Mr. and Mrs. M. D. Haeslip of Buncectn, were married Saturday afternoon, September 17, at 2:30 o'clock at the home of Reverend Edward Wenchel, Baptist minister. The bride chose for her wedding a blue satin street length dress with black and white accessories. Her corsage was white rose buds.

Miss Evelyn Roehrs, maid of honor, wore a brown street length dress with a corsage of pink rose buds.

Mr. Virgil Roth served as best man.

At 7:00 o'clock that evening a reception was held at the home of the bride's parents. The bride's table was spread with a lace table cloth and centered with a three-tiered wedding cake topped with a miniature bride and groom. On either side of the cake were candelabra with three candles and around the cake were pink rose buds. Mrs. Richard Nelson and Miss Blilie Tomy presided over the punch bowl and Mrs. James Nel-

Mr. and Mrs. Charles R. Goosen, who were married September 2, at the Lutheran church in Cole Camp. The bride was formerly Miss June Klein, daughter of Mr. and Mrs. William F. Klein, of Windsor. Mr. Goosen is the son of Mr. and Mrs. Edward Goosen, of Lincoln.

son and Mrs. Keith Hall served the cake to over 100 guests.

Mr. and Mrs. Haeslip left for a brief honeymoon Saturday night to St. Louis and southern Missouri. They are now at home with the bride's parents.

Friday, September 15, Miss Audrey Cramer, who will be married soon, was honored with a china shower given by Miss Dorothy Momborg at her home.

Games were played during the evening, with awards going to Miss Marlene Arnold, Miss Mary C. Waters, Mrs. V. L. Abney and Mrs. Clyde Waters.

Following the games Miss Cramer opened her gifts which pieces of her chosen china.

Refreshments of ice cream and cake were served the following guests: Miss Cramer, Mrs. O. W. Cramer, Miss Gerry Abney, Mrs. V. L. Abney, Mrs. Paul Dey, Misses Velma and Lavern Thom-

Those invited but were unable to attend were Miss Betty Newland, Mrs. Dale Waite, Mrs. Allen Porter, Misses Eugenia and Rebecca Arnold, Miss Anna Marie Raines, Mrs. Gladys Lingle and Mrs. Joseph Waters.

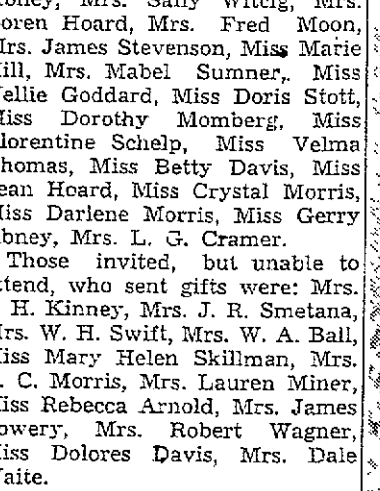

Mrs. Paul Dey gave a miscellaneous shower September 9th at the home of her mother, Mrs. V. L. Abney, 1117 East 10th, in honor of Miss Audrey Cramer, who will be married Sept. 25 to Mr. Loyd Abney.

The evening was spent in playing games with awards going to Miss Dorothy Momborg and Miss Darlene Morris.

The color scheme of pink and white was carried out. The bride's gifts were found under a pink and white arch covered with flowers and from the center of the arch were two large white wedding bells. The home was decorated throughout with garden flowers.

Refreshments of pink and white ice cream with bell centers, individual cakes and pink and white nut cups filled with pink and white mints were served to the following: Miss Audrey Cramer, her mother Mrs. O. W. Cramer, Mrs. V. L. Abney, Mrs. Ernest Carver, Mrs. Emmett Cramer, Mrs. Benny Cramer, Mrs. Joe Newland, Miss Betty Lea Newland, Mrs. Forrest Skillman, Mrs. Orby Cramer, Mrs. E. F. Davis, Mrs. W. E. ## Rose Society Met Tuesday

The Sedalia Rose Society met Tuesday evening, September 20, at the home of Mr. and Mrs. G. V. Jones, 1401 West Fourth street. Roses from the gardens of the members decorated the home and an arrangement of yellow rosebuds from the Jones' garden formed the centerpiece for the dining table.

A dessert course was served at 7:00 o'clock, after which the meeting was called to order by Mrs. Herbert Seifert, vice president in the absence of the president, John Schlaffer.

Mrs. H. C. Sammons, chairman of the state fair committee reported on the awards won by the society at the Missouri State Fair this year.

Mrs. Seifert gave a report on the dinner served the Highway officials, which had been profitable.

Mrs. Perry Strole described her visit to the Municipal Rose Garden at Des Moines, Ia., and the Mary Twain Memorial Home at Hannibal with its beautiful rose gardens.

G. V. Jones, program chairman, introduced Mrs. Leland Hoback, who gave a very interesting report on "Spring and Fall Planting."

Mrs. Victor Gill reviewed Dr. R. C. Allen's article on starting roses from cuttings as given in his latest book.

Henry Kipp gave an instructive discussion on layering of roses. The next meeting will be at the home of Mrs. H. C. Sammons on October 4, at which time there will be an election of officers for the coming year.

### Dr. H. O. Wilbur Is Convention Delegate

Dr. H. O. Wilbur, of 328 Igenfritz building, Sedalia, Mo., has been elected as delegate to the Forty-ninth Annual Convention of the Missouri Association of Osteopathic Physicians and Surgeons which is meeting in the Municipal auditorium, with headquarters in the Continental hotel, Kansas City, Mo., Sept. 27-29, Dr. Sam H. Leibow, program chairman, announced.

"The House of Delegates will meet the Sunday and Monday (Sept. 25 and 26) before the official opening of the convention," he said.

The four members of the Czerwony family, who have been living on the W. L. Hampson farm, route 1, for a little over a month are gradually becoming accustomed to their new home and country.

M. J. Ressel, who has been acting as interpreter for the Hampsons, as well as a social contact for the Czerwons, has been very cooperative in relating a few of the most interesting things he has learned from talking to the members of the family. The family consists of: Jan, the father, his wife Anna, their 20-year-old son Wladyslaw, and their daughter, Anniela, who is 13. The elders are in their late forties.

Liberated in 1945  
Ressel said the family was living in Droboczyz, Poland, at the outbreak of the war and in 1943 were taken into Germany to be charged of a German farmer along with five other families. He said they were living and working as farm laborers when the American forces liberated them in 1945. From the time of their liberation until they sailed from Bremmerhaven, Germany, on August 4th they worked at odd jobs and were slowly coming back to peace time living when they were placed with a family here in this country. According to Ressel they were originally assigned to a family in Montana and had their placement orders changed twice before they were finally assigned to the Sedalia area.

Astonished at Unused Land  
Wladyslaw, according to Ressel, has the equivalent of three years of college education and has an intense love for music. He (Wladyslaw) once asked Ressel how much a piano-acordion would cost him. When Ressel told him about how the prices were on accordions, Wladyslaw was rather surprised, but said he was going to save his money and buy one as soon as he could. Ressel said the boy told him after seeing the lights in Sedalia's business district there are ten times as many lights here as there are in any towns this size in the old country. The entire family is amazed at all the unused land and can't understand why so much land is lying uncultivated, and apparently going to waste.

Ressel described the Czerwons as very ambitious and interested in buying a home of their own as soon as possible. The Czerwons are Catholic and have been attending the Sacred Heart church every Sunday, accompanied by Mr. Ressel.

When the Czerwons came to Sedalia on August 16th another family of displaced persons were on the train and got off in Sedalia at the same time, but efforts to learn of the home they went to have been futile.

With Boul Family  
Iwanna Skop, 4, now living with the Claude L. Boul family at 620 West Third street, is another native of Poland (Rzesow) who has come to this community in the past month. Mrs. Skop, widow of Andrew Skop (who died 18 years ago) has two children, a son 10 and a daughter 23, who along with her mother, were taken into Russia in 1945. She says that she has not heard from her children, directly, for over three years, but she does correspond with a brother in Poland and has recently had correspondence with them and reports that they are living.

Mrs. Skopp was in Nazi controlled Austria as a laborer from 1942 until 1945. She escaped, however, when the Russians took over and made her way into Germany, where she worked for a German farmer until 1947. Since that time she has been in the Lextenfeld D. P. camp in Salzburg, Austria.

She left Bremmerhaven, Germany, on August 23, aboard the S. S. Ge. Howze, arrived in New Orleans on Labor Day, September 5th, and finally reached Sedalia via Kansas City on September 8th.

## \$10,000 Damages To Plaintiff

A jury of 12 found the issues in favor of the plaintiff and allowed her damages at \$10,000 Saturday morning, following a day and a half hearing in circuit court in a \$25,000 damage suit filed by Miss Marie Cuddy of Lincoln, Mo., against F. W. Schenewark.

The suit was filed by the plaintiff as a result of an automobile collision about 10 miles north of Sedalia, August 20, 1948, at which time the plaintiff received personal injuries.

Attorneys for the plaintiff were George H. Miller and Henry C. Salver.

Fred F. Wesner represented the defendant.

## Narrowly Escapes Being Hit by Car

A taxicab driver applied brakes fast enough to prevent striking a 10-year-old girl, who was dashing across the middle of Ohio avenue in the 300 block to purchase a sack of popcorn Saturday evening. The girl jumped, and escaped being hit by a fender by inches.

A large gathering assembled around the incident, and the cab driver, James O. Caldwell, 404 North Prospect, remained at the scene until police arrived, to be assured that the girl was not hurt.

The girl, who was not scratched but frightened, was Anna Lee Skidmore, daughter of Mr. and Mrs. Arley Skidmore, Green Ridge, rural route.

## Campaign for Handicapped

### Effort To Secure Jobs For Them be Week Oct. 2-8

Sedalia's campaign to help physically handicapped persons find jobs will be carried on from October 2 to 8, inclusive, Virgil J. Brown, Manager of the Sedalia Office of the Missouri Division of Employment Service announced today.

The seven-day drive will be in national observance of the fifth anniversary of National Employ the Handicapped Week, Brown said. This is in response to congressional action calling for universal support of a movement to place disabled individuals in gainful employment. Men and women from virtually all of the city's civic, patriotic and veterans' organizations will assist in the city-wide drive, Brown said.

Sedalia employers will be asked to survey their present job requirements in an effort to find employment for handicapped persons, Brown added. Persons with physical disabilities and not now employed, will be urged to register with the Sedalia office of the Missouri Division of Employment Security, he said, so their qualifications for jobs can be evaluated. Manager Brown said he believed there is a job for every handicapped worker in Sedalia if employers would consider abilities and not the disabilities of people we are trying to help.

"This is not a charity drive," Brown continued. "We are not seeking funds. We are looking for jobs."

"When an employer calls the Missouri Employment Service for a handicapped worker, he can be sure that any applicant sent to him will be just as well qualified for the job as the unimpaired worker."

"The people we are striving to help should be judged by their abilities, not their disabilities."

With suitable jobs, physically handicapped individuals are assets to their employers, their community, and the nation, Brown added. He said it had been established that a handicapped person who is prepared by vocational rehabilitation to get and keep a job pays an estimated \$10.00 in federal income taxes for every dollar Uncle Sam spends on his rehabilitation, not to estimate money paid in city, county, state and school taxes.

A dinner was given by Mr. and Mrs. Joel Henry at 5:00 o'clock that evening at the home of the bridegroom's parents, at which there were 25 guests. White flowers and ferns decorated the home and the table was centered with a wedding cake.

The bride was a graduate of the Versailles high school and Mariwood Beauty college at Jefferson City.

The bridegroom served 37 months in the U. S. Army during World War II and is now engaged in farming.

The couple left on a wedding trip and are now at home on a farm near Versailles.

Mrs. Allen Goodridge and Mrs. Bob Wall gave a shower in honor of Mrs. Harold Silberstein at the home of Mrs. Goodridge, 1411 1/2 South Kentucky avenue, Wednesday evening.

The centerpiece was of yellow and white flower arrangements. Refreshments were served. Yellow and white balloons were hung on the chandelier with a poem inside each balloon giving a hint where the gifts were hidden.

Those present were, Mrs. Sam Taylor, Mrs. Morris Sagaloff, Mrs. Winston Wood, Mrs. Morris Walker, Mrs. Ed Epstein, Mrs. Goodridge, Mrs. Wall and the honoree, Mrs. Silberstein. Those unable to attend were, Miss Roberta Reet and Mrs. Gene Cramer.

There were four tables of bridge and three tables of mah jongg Ladies Day at the Sedalia Country club Wednesday starting at 1:00 o'clock. Winners last week in bridge were, Mrs. Frank Keyser, Mrs. Jim Latimer, Mrs. Joe Waddell and Mrs. Frank Morley. Winners in mah jongg were Mrs. Hugo Sparr, Mrs. John C. McLaughlin and Mrs. Louis Glasburn of El Paso, Tex. The Ladies Day luncheon will be Wednesday at 1:00 o'clock. Reservations must be in by Tuesday noon. The hostess will be Mrs. H. C. Feuers. The regular Sunday night supper will continue. Reservations must be in by Saturday noon.

Tuesday, September 27, there will be a broiled chicken dinner at 6:30 o'clock p.m., followed by games. Reservations must be in by Monday noon.

The October-November social committee met Friday at the Sedalia Country club to make plans for the social calendar. The chairman of the committee is Mrs. Victor Scott and Mrs. C. W. Mathieson as co-chairman. The committee consists of Mrs. Frank Bryant, Mrs. T. W. Cloney, II, Mrs. Alice Crawford, Mrs. C. C. Delozier, Mrs. Marjorie Garanson, Mrs. William Gibson, Mrs. W. A. Truman Talks And Praises Bill Boyle, Jr.

(Continued from Page One)

ently suffered a stomach upset. It was a slight attack.

**Boyle Tribute to President**

Boyle, with obvious emotion, paid tribute to Mr. Truman as a "good neighbor, kind friend" and "one of our great presidents."

The man, he said, "fits the hour and the hour fits the man."

Boyle said he never enters the White House to talk with the President "without a sense of awe."

After moving through solemn corridors, he added, however, he always faced "the comforting warmth of the man behind the desk."

Vice-President Barkley whipped the crowd to a campaign-like fever with caustic criticism of "tree-sitters and itchy pollsters" who cry cry "statism" against Mr. Truman.

And he was outspoken in his attack on those who claim the Democrats have placed "us on the road to statism."

The critics like those, he said, "every tree frog is a roaring lion and every worm is a spitting adder."

The program was started by Leo T. Schwartz, Jackson county Democratic chairman, with a tribute to Boyle.

A \$52,000 Verdict to Former Railroad Man

ST. LOUIS, Sept. 29.—(P)—A circuit court jury returned a verdict for \$52,000 damages for Hugh Cruce, 64, of Union City, Tenn., in Cruce's suit against the Gulf, Mobile & Ohio railroad.

Cruce said he suffered serious injuries while working as a coal chute forman at Union City in three years ago. In a previous trial of the case Cruce was awarded \$45,000, but the railroad appealed and was granted a new trial. He sued for \$87,000.

Berlin Airlift To Stop After 15 Months

BERLIN, Sept. 29.—(P)—The Berlin airlift, supply line that cracked the Russian blockade, will grind to a final stop tomorrow after 15 months of spectacular operation.

The U. S. air force announced today the lift would be "phased out" a month ahead of the original target date because western Berlin now is fully stocked with supplies for the winter.

Valley Defeats Ottawa U 20-6

KANSAS CITY, Sept. 29.—(P)—The Missouri Valley Vikings rolled up their 42nd successive regular season football victory tonight by defeating Ottawa (Kas.) University 20-6.

Bill Lingenfelder scored Valley's first two touchdowns, going 23-yards around end in the second quarter and catching a pass from Tim Wright in the fourth. Roy "Shorty" Preston punched through center for the final touchdown late in the game.

Jim Happy kicked two extra points for Valley.

Ottawa scored against Valley's reserves three minutes before the game's end. Quarterback Bob Musgrave got it from the one after his passing had set up the play.

**Kansas City C. of C. In Visit to Sedalia**

Forty members of the Kansas City Chamber of Commerce were guests of the Sedalia Chamber of Commerce in a noon luncheon at the Old Missouri Homestead Thursday.

According to John F. Zander, secretary of the Sedalia Chamber of Commerce, the Kansas City representatives showed color slides and told the local group about the American Royal and other features of their city.

During the course of the luncheon C. H. Tickamyer, a Kansas City representative, presented Emory Ellsworth with a key to Kansas City. Ellsworth was representing Mayor Julian H. Bagby, who was unable to attend. Tickamyer also presented Ellsworth, Robert Overstreet, and John Zander with American Royal neckties.

The Kansas City group left Kansas City Tuesday and have now completed their 25-city tour that included Sedalia, Warrensburg, Springfield, Jefferson City. After their stop here in Sedalia they went on to Kansas City.

About forty local Chamber of Commerce members attended the luncheon.

**Wells Claims Self Defense in Murder**

NEBRASKA CITY, Neb., Sept. 29.—The defense rested its case late today after George O. Wells, Jr., testified he struck a man in a boxcar to prevent him from committing an act of sodomy.

Wells, native of St. Joseph, Mo., is on trial for first degree murder in the death of a circus sideshow female impersonator, Charles Jesse Dillard. Dillard's body was found in an empty boxcar here July 14.

The defendant denied turning out the trousers pockets of the dead man.

The state has contended that Wells had no money before the killing, but had some shortly afterward.

Wells said he struck the man as the latter bent over him. He said he hit the man twice more when the man followed him. Wells claimed he had no intention of hurting the man other than to protect himself.

Earlier, Frederick Worl, who worked with Wells on an army engineers dredge until Wells was fired the day before the killing, testified he gave Wells \$2 the night the latter was fired. The next day Wells drew a \$96 pay check from the engineers, Worl said.

Shutdown at Mills Ordered

By The Associated Press

Shutdown orders went into effect at the nation's steel mills Thursday. The strike deadline of CIO Unite' Steelworkers is 12:01 a. m. Saturday. Orderly halting of steel operations takes 20 to 48 hours.

Here is the shutdown picture:

Pittsburgh — Youngstown, O.—United States Steel is banking the first of 27 blast furnaces by midnight.

Larion, O.—National Tube company employing 12,000 is curtailing operations.

Chicago—Carnegie-Illinois, Inland, Youngstown Sheet and Tube and Republic employing 83,000 are curtailing operations.

Bethlehem Steel said it had started reducing heat in coke ovens and banking blast furnaces in Pennsylvania, New York and Maryland.

\$2,850 Cash For 'Bull-oney' Bills

KANSAS CITY, Sept. 29.—(P)—Carl Denena complained today "I hear there is a fool born every minute. I'm certainly one."

He told Lieut. Alvin Hyman of the police department he had fallen for the fast smooth talk of a stranger named Sam.

Sam, Lieutenant Hyman quoted Denena as saying, had told him he used to work in a U. S. mint and could make excellent counterfeit bills. All he needed were some real bills to work with.

Lieutenant Hyman said Denena, a delicatessen operator, told this story:

Yesterday he drew \$2,850 in bills from his bank account. Sam, carrying a bag of tools, then joined him at Denena's quarters. The "money-maker" then began shuffling bills and later excused himself to go to a drugstore for more chemicals. Denena waited a long time then took a look in an envelope Sam had left.

In it were "fun bills" inscribed with "Bull-oney" and "You Can't Pass Me."

Sam, who did not return, was described by Denena as about 50 years old with two gold lower teeth.

Hear Complaint From Chinese

By Max Harrelson

LAKE SUCCESS, Sept. 29.—(P)—The United Nations Assembly today overrode Soviet objections and decided to give a full airing to Nationalist China's charges that Russia is threatening peace by aiding Mao Tze-Tung's Chinese Communists.

The vote was 45 to 6 for placing the Chinese complaint on the assembly's calendar. Five countries abstained. The issue now goes to the assembly's 59-nation political committee for detailed debate.

Yugoslavia joined the Soviet bloc in opposing U. N. intervention in the Chinese problem. The Yugoslavs, along with the Russians, contended the China war is an internal matter and did not come within the province of the U. N.

U. S. delegate Warren R. Austin supported China's request for a full hearing of her charges.

**Frost in North and West Missouri**

KANSAS CITY, Sept. 29.—(P)—A heavy to light frost blanketed western, northern and central Missouri today.

J. R. Lloyd, district weather forecaster, said some low sections in the country were covered with frost so thick it appeared to be snow.

Columbia reported a heavy frost; St. Joseph light to heavy and Springfield light.

Temperatures skidded downward, the lowest being 28 at Tarkio.

**D. Bruce Forrester Dies in Kansas City**

KANSAS CITY, Sept. 29.—(P)—D. Bruce Forrester, 67, board chairman of the General Box Company since 1942, died today in a hospital.

He was instrumental in founding the company, the largest corporation of its kind, and formerly was president of the Kansas City Chamber of Commerce. He was a member of the city election board appointed in 1937 to clean up Kansas City's elections.

He was a native of Chanute, Kas.

LOS ANGELES, Sept. 29.—(P)—Traffic Judge Roger Pfaff took a look at the front row and groaned: "No, not you again!"

Addressing the courtroom, he said:

"Ladies and gentlemen, this boy (a minor) before me got a car three months ago. Since that time, he has broken every traffic law in the book. Yesterday, on advice of this court, he sold his car."

He took a look at the charge and announced:

"Two dollars fine for jaywalking."

Refund Under Advisement

JEFFERSON CITY, Mo., Sept. 29.—(P)—Cole County Circuit Judge Sam C. Blair took under advisement today whether Southwestern Bell Telephone Company should refund approximately \$400,000 to its Missouri customers.

The money was collected last spring under a rate hike granted by Missouri's Public Service Commission. That PSC decision now is before the Missouri Supreme Court on appeal.

Attorneys for cities opposing the hike contend the extra money collected really belongs to the customers.

"It's theirs and they want it back," declared L. A. Warden, attorney for the city of Trenton, Mo.

Charles H. Mayer of St. Joseph, special attorney for Bell, contended Judge Blair should wait until the Supreme Court passes finally on the case.

He said if the money is returned to the customers and later the Supreme Court holds the new rates are reasonable, Bell would find it impossible to re-collect the money.

Grand Jury in Gambling Probe

KANSAS CITY, Sept. 29.—(P)—A federal grand jury was at work today on what an unidentified attorney described as a nation wide investigation of a gambling syndicate.

There was a parade of witnesses into the grand jury yesterday and today another group of 20 was waiting its turn. Among them were Charles Binaggio and Morris (Snag) Klein, north side Democratic leaders.

Two special assistants to the attorney general were here but they declined to disclose the nature of the investigation. They are M. H. Goldstein and Vincent P. Russo.

The Kansas City Star said an attorney for several of the witnesses reported he had deduced that the probe was aimed at a layoff betting syndicate, a group of men who lay off or absorb bets when any one of the group gets too much money bet at him on any type of contest.

Just after the jury returned 29 indictments this morning, Federal Judge Richard M. Duncan told the members:

"I have been informed you have been started upon some investigation that must be carried through. I understand that these investigations will take from seven to eight days to complete. Therefore, I feel it is not advisable to dismiss this jury at this time."

The Judge requested that the jury return to its deliberations today and tomorrow and then recess until Oct. 17.

Scrap Pact With Yugoslavia

LONDON, Sept. 29.—(P)—Soviet Russia scrapped her friendship treaty with Yugoslavia today, declaring that Premier Marshal Tito's regime has lined up with "foreign imperialist circles."

The decision ending the alliance signed in 1945 was disclosed in a Soviet note to Yugoslavia. It was broadcast by Moscow radio.

The note declared the Budapest treason trial of former Hungarian foreign minister Laszlo Rajk, sentenced to death Saturday, disclosed Yugoslavia had been carrying on hostile activity against the Soviet Union.

Rajk was accused specifically of plotting with Yugoslav and American agents to overthrow the Moscow-backed communist government in Hungary. Marshal Tito denounced the trial as a Russian propaganda move aimed at weakening his Yugoslav regime.

The Russian action was the sharpest diplomatic slap at Yugoslavia since the Moscow-led communist (Communist International Information Bureau) expelled the Yugoslavs in June, 1948.

Since that time Russia and her eastern European satellites have clamped an economic boycott on Yugoslavia.

Marshal Tito on Tuesday accused Russia of rattling the saber and digging trenches in the satellite countries along the Yugoslav border in an attempt to intimidate his country.

Boy Killed by a Hit-and-Run Driver

JOPLIN, Mo., Sept. 29.—(P)—Dale Short, 15, car hop at a drive-in cafe, was struck down and killed by a hit-and-run driver early today as he was riding his bicycle home from work.

The boy, a twin son of Mrs. Mary F. Short, apparently died instantly from a skull fracture as he was hurled to the pavement. L. C. Rhoads, acting night police chief, said it was apparent that the bicycle was struck from the rear by an eastbound car or truck on U. S. highway 6, at the west edge of the city.

Shattered glass from one car headlight and bits of metal believed to be from a car fender marked the point of impact. Officers of the district were alerted to be on the lookout for a vehicle with such damage.

Pumps Iron Lung to Keep Wife Alive

ROCKFORD, Ill., Sept. 29.—(P)—A husband pumped an iron lung by hand to keep his stricken wife alive today during a tense 30 mile trip to a hospital in a moving van.

Mrs. William Hay, 24, a polio victim, was being transported from the Winnebago county hospital here to the Warmolt's clinic at Oregon, Ill., when the portable motor of her iron lung went dead.

Hay, 25, immediately manned the hand pump, which had been installed for that emergency. He pumped for a half hour until the trip was completed, his wife smiling encouragement.

Sliced Off Nose of Wife With Razor

LONDON, Sept. 29.—(P)—Police accused photo printer John Smith, 24, today of cutting off his wife's nose.

"I did it with the razor," during an argument, he said, according to a statement made by Police Sgt. E. Driver in magistrate's court.

Mrs. Smith's condition is critical. Smith was ordered detained on a charge of causing grievous bodily harm.

Three American Ships Detained

WASHINGTON, Sept. 29.—(P)—The State Department announced today that three American merchant ships are being detained near Shanghai by Chinese Nationalist blockade forces.

The ships are the Flying Trader en route from Hongkong to Shanghai, and the Flying Independent and Flying Clipper outbound from Shanghai. All are operated by the Isbrandtsen Co., New York.

The United States does not recognize legality of the blockade declared by the Nationalists for Shanghai and other China port cities. The State Department said it has asked for full reports from American authorities in Shanghai before deciding on "an appropriate course of action."

"The report of the incident came from the American consulate general at Shanghai. It said the three ships were intercepted by Chinese naval craft off the mouth of the Yangtze river and "requested" to anchor.

Report Two Fliers Adrift

NEW YORK, Sept. 29.—(P)—TWA announced today it had received a dispatch from its Paris office indicating two Italian fliers, missing since Sept. 17 in a transatlantic flight, were adrift in their plane near the Bahamas islands.

The fliers, John M. Brendello and Camillo Barioaglio, were on a planned non-stop flight from the Azores to New York in a single-engine plane.

The U. S. Coast Guard said an Army plane already had left San Juan, Puerto Rico, for the location given—a point due east of the middle section of the Bahamas group.

TWA said the dispatch from Paris was relayed at the request of the Coast Guard.

The message indicated the fliers were alive was relayed from the Italian marine radio which picked up a blind message.

The Coast Guard said the blind message said: "Alive drifting near Bahamas. Insufficient food. Radio inoperative. No search planes sighted."

Reports Meat Is Six-Percent Lower

CHICAGO, Sept. 29.—(P)—The National Association of Retail Grocers said today meat is averaging six per cent lower at retail prices now than a year ago.

Vincent L. Browner, Des Moines, Ia., treasurer of the group, said in a statement, he based his estimate on a spot check of association members and on a survey by the American Meat Institute.

## On Loving God

To love God means to honor His precepts. Christ Himself said, "If you love Me, keep My commandments." He never asked for fervent protestations of devotion. He did not demand extraordinary sacrifices from His followers. All He insisted upon was that His followers should obey Him.

It is by our readiness to heed God's word that we must measure our love for Him. We cannot say we will keep nine of the commandments and make an exception in favor of ourselves in regard to the one. If we are not disposed to keep the whole law, we do not love God. Instead we stand squarely in the midst of His enemies. We are one of them.

This truth is easy to understand. A certain man, for example, is known for his great generosity. He is always ready to open his purse for any needy cause. He is greatly admired for that and other fine human qualities. But this man is also the slave of lust. He leads an immoral life. For that even his closest friends have no defense to offer. For that he must stand convicted in the sight of God.

Not a few, but all human beings have a weak moral spot, some tendency which, if not curbed, can easily lead to a life of sin. It is whether we fight or yield to those weaknesses that determines whether we are saints or sinners, whether we shall be found worthy or unworthy of the eternal Kingdom.

The lover of God is not necessarily a blameless man. Scripture tells us that the just man falls seven times a day. But he is always one who has an over-all will to serve God. When he sins, he is quick to repent. A man of prayer and faith, he keeps striving for perfection.

We love God by making Him the center of our lives. We are faithful in our duties both to God and neighbor. We prove our devotion by self-restraint and by an unflinching charity. We do not We cultivate instead the habit of prayer and meditation. In this way it becomes increasingly easy for us to utter with all sincerity and truth the perfect formula of love: "Thy will be done."

## Sunday School Lesson

Questions Prophetic 'Revelations' By William E. Gilroy, D. D.

During coming weeks many Sunday schools will be studying lessons in the Prophets, particularly in Isaiah and Jeremiah. Many readers of this column are not in Sunday schools, and the comment offered here will not be directed to particular lessons, but rather with the purpose of making the prophecies intelligible and helpful, through presenting their setting and background, their significance for their own time, and their permanent value and teaching for us. Such background and preparation is essential for intelligent study. This comment may therefore be helpful for teachers and scholars, as well as for general readers of the Bible.

No one can read much in the ancient prophecies of Israel without realizing that they present many difficulties in understanding and interpretation. This is not surprising for many eminent scholars have spent lifetimes in the most meticulous examination of every word and reference and the widely varied and conflicting conclusions to which they have come only emphasize the difficulties of the average reader.

It would be impossible to deal here to any extent with these conclusions and disputations, but in the midst of obscurities and controversial matters, many clear and outstanding things appear. It is these, after all, that are most important and because of these that the prophecies have lived; and it is with these that we shall chiefly deal.

A prevalent view of the prophets has been that they were foretellers, or predictors, of things to come. More widely today is the tendency to think of

them as forthtellers, as preachers to their own age and time. It is my own view that they were foretellers, as well as forthtellers, but I disagree with those who see in the Hebrew prophecies a plan of all the ages, a foretelling of what has been in history and of what is yet to be.

It is questionable whether the prophets had any such miraculous foreknowledge, or revelation, into the far distant future. What they possessed, rather, was an understanding of cause and effect in the moral and spiritual realm, and in the affairs of men and nations, akin to the scientist's appraisal of causes and forces in the physical world.

When they saw Israel neglecting God's call, turning to ways of idolatry, permitting and practicing social evils and injustices, they knew that disaster and judgment were sure to follow. And they were bold and courageous in raising their voices in warning and in exhortation, though their message was not popular, and too often brought upon them persecution, imprisonment and death.

No people at any time, including peoples of today, have ever been willing to face unpleasant facts. It is easier to gloss them over with easy and pretentious optimism. It is here that the great prophets have still for today their messages of warning and judgment. I hope to bring something of this to bear upon the issues and problems of our own time and our modern democracies.

The prophets of Israel dealt with the situations, issues, and problems that in some form or other beset all nations and peoples of every time.

## CHRISTIAN SCIENCE CHURCHES

"UNREALITY" is the subject of the Lesson-Sermon in all Churches of Christ, Scientist, on Sunday, October 2, 1949.

Golden Text: Prov. 18:5.

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "For I know the thought that I think toward you, saith the Lord, thoughts of peace, and not of evil, to give you an expected end." (Jer. 29:11) The Lesson-Sermon also includes the following passage from the Christian Science Textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Divine Science explains the abstract statement that there is no mind by the following self-evident proposition: If God, or good, is real, then evil, the unlikeness of God, is unreal. And evil can only seem to be real by giving reality to the unreal." (p. 470)

**Jehovah's Witnesses** Will hold a study of the Watch Tower subject, "The True Israel" Gal. 6:16 Sunday 2:00 p. m. at the Kingdom Hall, 721 East Third street. ### Hymn of Month

The Hymn of the Month for October as selected by the National Federation of Music clubs is "Faith of Our Fathers." The text is by Frederick W. Faber (1814-1863) who was the son of an English clergyman of Huguenot descent. He went to Harrow and later attended Balliol College, Oxford. Faber, a gifted minor poet, a devout man and a leader in social reform, entered the Anglican ministry, serving the church at Eton nine years. He was strongly influenced by Cardinal Newman; this coupled with his travels on the continent where he came under strong Catholic influence led him to leave the Church of England where upon he entered the Roman Catholic church.

"Faith of Our Fathers" is deservedly one of the most popular of all the modern hymns of the church. In W. T. Stead's "Hymns That Have Helped" this hymn appears in the double form in which it was first printed, one version for Ireland and one for England. Stead's comment of introduction is interesting: "The following Roman Catholic hymn is a kind of defiant war song, the note of which endears it much to the faithful." By changing a few words it became a Protestant hymn and was included in "Hymns For the Church of Christ."

The composer, Henry F. Hemy (1818-1888) was an Englishman and professor of music at Tyne-mouth and teacher of piano and singing at St. Cuthbert's College, Durham. In English hymnals, where this hymn is not so popular as in this country, "St. Catherine," the tune of "Faith of Our Fathers," is known as Tyne-mouth. The

present arrangement is the work of James G. Walton (1821-1905). This hymn will be used in the various services of the churches in Sedalia during the month of October, which in turn is being sponsored by the Helen G. Steele Music club, a member of the National Federation of Music Clubs.

Champion Striped College Homemakers Club met at the home of Mrs. H. H. Ferrell with Mrs. Bob Rapp and Mrs. A. A. Lichte as assisting hostesses.

Mrs. Lichte read the 26th psalm for the devotional and the club sang two songs.

The president, Mrs. Kurman Riley, requested all members to fill out report blanks and bring them to the next meeting. She also reported on the Rural School Plan.

The club will donate food to the school hot lunch program. Achievement Day plans were discussed.

The nominating committee nominated Mrs. Ernest Biggs, president; Mrs. M. T. Dabner, vice

president; Mrs. Ernest Stevens, secretary and treasurer. Games were played and gifts presented.

**Action Filed for Divorce**  
Mrs. June Irene Beeler filed a divorce petition against Arthur Beeler in circuit court alleging general indignities.

According to the petition, the couple was married, May 20, 1945 and separated, September 1, 1949.

The plaintiff requests her maiden name, June Irene Funnell, be restored. Crawford and Harlan are the attorneys for the plaintiff.

### Organize a Sunday School

Plans were made Sunday afternoon for organizing a new Sunday school at Bethlehem church, south of Marshall junction, which has not had one for several years. The church has been used mostly in the past few years for homecoming services and funerals.

R. T. Pence, president of the Saline county Council of Churches, was present and there were 21 interested persons from the neighborhood to assist in the planning for the organization of the Sunday school.

Miss Frances Dennis, at the piano accompanied the singing of hymns and Mr. Pence led in the Lord's prayer. He also presented the devotional.

The following were elected as Sunday school officers: William Marshall, superintendent; J. C. Walker, assistant superintendent and Mrs. J. C. Walker, secretary and treasurer. Mrs. C. M. Seller,

Jr., was appointed by the superintendent to assist Mrs. Walker in obtaining literature for the first session on October 2. Sunday school will be held at 10:00 a. m. with a basket dinner at noon. Preaching services will be at 1:00 p. m. Sunday school will be held at 10:00 o'clock every Sunday morning.

### Both Sides in Steel Dispute Have Been Tied by Other Forces

by Drew Pearson

WASHINGTON, Sept. 30 — One factor which  
has made the steel dispute so difficult is that  
both sides' hands have been semi-tied by other  
forces.

Tier of Phil Murray's hands is — John L.  
Lewis. Since Lewis, an old rival and bitter  
enemy of Murray, got a welfare fund from the  
coal operators under which the miners pay  
nothing, Murray cannot require his union to  
contribute to pensions without losing part of  
his membership.

Tiers of U. S. Steel's hands are — Its banks  
and directors. The men who control the big  
steel companies, particularly U. S. Steel, are  
J. P. Morgan together with a group of industrial-  
ists and insurance men who do not want a  
pension pattern set for their industries. If the  
steel industry pays pensions without any con-  
tribution from labor, it will set a standard for  
almost every other industry in the country.

#### Who Runs U. S. Steel

For instance, directors of U. S. Steel include:  
Walter Gifford — Chairman of the giant  
American Telegraph and Telephone company,  
which also faces wage and pensions problems.

Sewell Avery — Head of Montgomery Ward,  
who once was ejected from his Chicago office  
by U. S. troops during a labor strike. Avery  
is also chairman of U. S. Gypsum, director of  
the Pullman company, Pure Oil, Armour, Peo-  
ples Gas, Light and Coke, which also face  
wage and pension problems.

James Black — Head of Pacific Gas and  
Electric, a guiding executive of the Southern  
Pacific railway and director of various insur-  
ance and utility companies.

George A. Sloan — Director of Goodyear Tire,  
Bankers Trust, American Alliance Insurance  
Co., and a group of insurance companies.

When the President's fact finding board first  
published its recommendations Sept. 10, for a  
10-cent pension and insurance plan, some U. S.  
Steel executives indicated to newsmen that this  
would be acceptable. Then, suddenly, on Sept.  
11, word was passed out that the bankers be-  
hind U. S. Steel objected. They did not want  
big steel to set up a pension pattern for other  
industries under which labor did not contribute.

Note 1 — John L. Lewis already has started  
to crow over Phil Murray in the United Mine  
Workers Journal for surrendering on the fourth  
round of wage increases. Insiders say he is  
just itching to crow again on any Murray com-  
promise over pensions.

Note 2 — It was U. S. Steel — which owns  
extensive captive coal mines — which helped  
set the welfare fund pattern by which John L.  
Lewis and his miners do not have to contribute  
to the fund. If this precedent had not been set,  
it would have been easier for both Murray and  
the steel industry to do business.

#### Bilbo's Lawyers

It looks like the lawyer who defended the  
late Senator Bilbo of Mississippi against charges  
brought in the U. S. Senate would now be paid  
\$6,000 by the same Senate which did not seat  
Bilbo.

The lawyer, Forrest Jackson, served as Bil-  
bo's attorney in warding off impeachment. Bil-  
bo, because of his health, was never impeached,  
and died before any proceedings were brought.

Therefore, since it is customary for the tax-  
payers to pay for a senator's defense as long  
as he is not impeached, Attorney Jackson turned  
in his bill to the senate, and the man who re-  
placed Bilbo, Sen. John Stennis, tried to get the  
Senate to pay.

However, rules chairman Curley Brooks of  
Illinois who was supposed to pass on the matter,  
pleaded that he was up for re-election, begged  
Stennis to hold up the bill until the 81st Con-  
gress.

Now Stennis has submitted the bill to the  
new rules chairman, Sen. Carl Hayden of Ari-  
zona, and a subcommittee quietly approved  
the \$6,000 fee. It is planned to bring the mat-  
ter up quietly on the Senate floor during rou-  
tine business in order to avoid publicity.

#### Truman on Farm Phones

One of the first persons President Truman  
saw after announcing that Russia had exploded  
the atom was genial Jim Patton, boss of the  
National Farmers Union.

"That's mighty tough business, Mr. Presi-  
dent," Patton said, as he entered the presi-  
dential office.

"I had to make the announcement once we  
were sure," replied Truman, in tight lipped  
seriousness. "I can assure you it wasn't taste-  
ful."

Turning to a more peaceful topic, the Presi-  
dent promised Patton his full support in getting  
the rural telephone bill through the Senate  
during this session. It has already passed the  
House.

"Farmers are really steamed up about this  
bill," reported Patton. "They feel they have as  
much right to a telephone as city folks. Also,  
the practical need for bringing phone service  
to farms that do not have it is getting more  
urgent all the time. Brooders and other equip-  
ment on a great many farms are now operated  
by electricity.

"When there are breakdowns, farmers have

great difficulty getting a repair man if they  
don't have telephones."

"Jim, we'll get that bill enacted," predicted  
Truman, "even though we're fighting one of  
the biggest trusts in the country."

Note — The President referred to the Ameri-  
can Telephone and Telegraph company, which  
has been lobbying vigorously against the rural  
telephone bill.

#### Merry-Go-Round

Congress seems to be over the unemployment  
jitters. A few weeks ago, the joint committee  
on the economic report was all steamed up to  
investigate unemployment. But the whole thing  
has now been quietly called off. . . . Jimmy  
Roosevelt and Congresswoman Helen Douglas  
were the two stars of the western states Demo-  
cratic conference. Sen. Sheridan Downey, Cali-  
fornia's one Democratic member of the upper  
chamber, who snubbed President Truman last  
year, didn't even show up. . . . It now looks  
certain that Mrs. Douglas will oppose Downey  
for the Senate. Jimmy Roosevelt has the Demo-  
cratic nomination for governor sewed up. . . .  
President Truman has assured intimates that he  
will not back down on his appointment of Le-  
land Olds, liberal member of the Federal Power  
Commission, for a third term. Olds' appoint-  
ment, which is bitterly opposed by the private  
power trust, has been boxed up in the Senate  
interstate and foreign commerce committee for  
months.

#### Dewey's GOP Counsel Exits

Ex-Governor Ralph Gates of Indiana has been  
selected by Republican national chairman Guy  
Gabrielson to be new counsel of the Republican  
national committee. The appointment will be  
announced shortly.

This marks another triumph for the anti-  
Dewey forces within the Republican high com-  
mand, which only last month succeeded in oust-  
ing Dewey's appointee, Hugh Scott, as national  
chairman.

The man Governor Gates will replace is Bar-  
rak T. Mattingly of St. Louis. Mattingly, for  
many years Republican national committeeman  
from Missouri, has been a staunch pro-Dewey  
man, and during the revolt against Dewey, fi-  
nally lost out as committeeman.

However, as a reward for loyalty, Hugh Scott  
appointed Mattingly as counsel of the Republi-  
can national committee, despite protests of Ho-  
ward Stephens, also of St. Louis and former  
part owner of the St. Louis Browns.

Stephens, now the new national committeeman  
from Missouri, has prevailed upon Guy Ga-  
brielson and Mattingly will now be replaced by  
the ex-governor of Indiana.

### President's Job Seems to be Too Demanding for a Woman

By Bruce Blossat

Should a woman be president?

Sen. Margaret Chase Smith, Maine Republi-  
can, thinks so. The other day she said the party  
nominates a lady for either the presidency or  
vice presidency in 1952 will have the best chance  
in the elections.

On the other hand, Mrs. Franklin D. Roose-  
velt, probably the best-known woman in Ameri-  
can life, doubts that the time is right for a  
woman to occupy the highest positions in the  
nation.

We tend to side with Mrs. Roosevelt. No  
question, women have made tremendous strides  
since they first began taking part in politics.  
Right now there is a liberal sprinkling of them  
in Congress, some of them admittedly able law-  
makers. Mrs. Smith herself belongs in the latter  
category. The country has had woman governors  
and many successful lady mayors.

But a woman for president is something else.  
It's an old "story that the job is a man killer.  
And few women in either business or politics  
have ever had to bear the sort of constant  
physical pressure a president feels. A woman  
might stand up under the test better than we  
imagine. But in these turbulent times the  
country can't take the risk of finding out.

Still more important, it seems to us, is the  
matter of temperament. The emotional make-up  
of women raises serious doubt that a lady presi-  
dent could offer the tough-mindedness the job  
demands these days.

For example, how many women can you  
picture telling off John L. Lewis and making it  
stick? And can you see some Madame President  
holding her own at a future international con-  
ference where Molotov or some other crafty  
Russian is the adversary?

Life is the workaday world of high-level  
politics is a pretty brutal business today. The  
tension, the hammering give-and-take, the end-  
less jockeying for position, all call for mental  
and physical stamina that few men—let alone  
women—possess in ample amount.

And then, too, one can conjure up all sorts  
of minor difficulties. Presuming a lady president  
were married, what would be her husband's  
status? Comedian Bobby Clark took a crack at  
this problem in "As the Girls Go." According  
to him, all the poor guy can do is substitute for  
the White House barber, entertain visiting fire-  
men, and generally behave as a kind of up-  
graded Harry Vaughan.

Would Madame President be able to throw  
out the first ball when the baseball season  
opens? Would the presidential plane be re-  
decorated in chateaux and other distinctly  
feminine shades? Would we get a lady secret  
service? How would she look in Indian feathers?  
You can see the thorny path that would lie  
ahead.

No, the idea had best be shelved until times  
get a little easier. Some day it probably will  
happen, and when it does it will be good for the  
country. It will furnish the world with a dram-  
atic example that in a democracy any individual,  
regardless of sex, may rise to the topmost place  
among the nation's leaders.

## • So They Say

It does not make any difference whether a  
plane rises from the water, land or from a  
catapult. The important thing is what it is de-  
signed to do after it becomes airborne.—Plane  
designer Alexander Seversky.

Russia has violated and continues to violate  
not only the principles and essentials of socialist  
international law, but also those of positive  
bourgeois international law.—Yugoslav deputy

### Parents Should Check up on Type of Teacher Junior Has

"School teachers are a serious  
cause of maladjustment for chil-  
dren," charges Dr. Dugald S.  
Arbuckle of Boston University.

Parents, I'm convinced, should  
take that charge seriously. Too  
many conscientious parents figure  
that they have to back up a teach-  
er no matter what.

If Junior dislikes his teacher so  
much that he dreads to go to  
school—his parents in all likeli-  
hood stand up for the teacher in  
Junior's hearing, whatever doubts  
about her abilities they may have  
secretly, and dismiss the matter  
with the hope that he'll draw a  
better teacher next year.

Meanwhile, if Junior's teacher  
really isn't at fault, he is learning  
to dislike and distrust the fairness  
of teachers, to hate school, and to  
feel insecure in his work-day  
world.

In one instance I know about  
parents who let a mean-tempered  
teacher shake and slap their chil-  
dren around for almost a year. No  
one wanted to be the parent to  
"stir up trouble." But just before  
school was out, that teacher hit  
the wrong boy—or rather she hit  
a boy with the wrong mother.

#### Got Quick Results

That mother wasn't afraid to  
"stir up trouble." She stirred up  
so much trouble over the incident,  
and with the backing of the other  
parents who had been timid  
about doing anything on their  
own she got the teacher out of the  
school.

It seems to me that parents  
ought to make it their business to  
find out what kind of teachers  
their children have. They should  
do a little investigating when they  
suspect a teacher is unjust or  
abusive or mean-tempered, in-  
stead of shrugging off the matter  
as though it is a situation that  
can't be changed.

As one teacher put it to me: "If  
parents only knew the weight  
their legitimate protests carry,  
they wouldn't put up with letting  
their children be taught by teach-  
ers who haven't any business  
guiding children."

Fortunately for Junior there are  
many more good teachers that had  
ones. But one really bad one is  
too many in any school.

### Children's Lack of Self-Control Often Due to Mental Quirks

By EWDIN P. JORDAN, M. D.

Written for NEA Service  
Involuntary urination, especial-  
ly that which occurs during sleep,  
is a common and troublesome  
problem which often develops  
during childhood and sometimes  
lasts longer. This condition is  
called enuresis.

When enuresis persists after the  
infancy period, that is, later than  
one and a half years or two years  
of age, or when it comes back in  
later childhood after several years  
during which there has been no  
bed wetting, it frequently creates  
a lot of emotional distress not only  
in the youngster but in the parents  
as well.

It is usually well to cut out  
fluids as much as possible after 3  
or 4 o'clock in the afternoon.  
Good results are obtained some-  
times by awakening the young-  
ster at definite periods during the  
night in order to urinate.

#### Often Psychological

When enuresis continues beyond  
the age at which it should disap-  
pear, it is probably because of one  
or more of three psychological  
conditions in the child. The first  
is that the child has not yet grown  
up with reference to control of the  
bladder. The second is that sub-  
consciously the child wishes to re-  
main in or return to the protracted  
irresponsible state of infancy  
rather than to assume the normal  
difficulties of his age. Finally,

there may be a subconscious re-  
sentment against the parents in  
which bedwetting becomes a way  
of getting even with them because  
of too much criticism.

Whenever enuresis or bedwet-  
ting is continued beyond the nor-  
mal age for bladder control and  
when a physical cause or disease  
cannot be discovered, psychologi-  
cal causes have to be considered.  
Successful treatment is generally  
based on discovering what these  
psychological problems are and  
taking steps to correct them.

#### THE DOCTOR ANSWERS

By Edwin P. Jordan, M. D.

QUESTION: Since I had a  
heart attack 11 months ago, I  
have suffered with pain in  
my hands and my right hip  
and knee. Is this the result  
of the heart attack or is it  
neuritis?

ANSWER: It is impossible  
to say. There are, however,  
a number of people who do  
suffer pains following a cor-  
onary thrombosis. This is  
more common in the shoul-  
der and arm than anywhere  
else, however.

had noticed they were mostly  
young couples like Tod and her,  
probably all students. The getting  
acquainted would have to be most-  
ly up to Tod, who would be around  
all the time as soon as school  
started. Working, she'd be gone all  
day, and Sundays would be the  
only time she would have to see  
anyone.

Meanwhile they settled down.  
Tod enrolled and she could tell at  
once that he wasn't too enthused  
about the school. It wasn't going  
to be anything like the State Uni-  
versity.

"I can't understand why you  
didn't go ahead and finish at State.  
It wouldn't have cost any more."

Tod reddened and his jaw tight-  
ened a little. "Things would be too  
different," he said curly.

YES, Jenny was thinking, it  
would be different. At the State  
University, he had had things easy,  
living in a fraternity house, enjoy-  
ing the admiration due one of the  
big lettermen. And besides that  
he'd been in Liz Conover's crowd,

She looked at him as he started  
to work over his new textbook.  
The light from the student lamp  
above the small desk in the cor-

his face, the clean sweep of his  
dark brows. No wonder, she  
thought, the girls at the Universi-

The typical football hero, with  
those enormously broad shoulders,  
the thick strong neck, the rough  
tumble of dark curls on his head.

"This course'll sure be a bore.  
I can see that," he said suddenly,  
looking up and tossing the book  
aside. His face was sullen.

A sharp retort sprang to Jenny's  
lips, but she choked it back. What  
was the matter with her; feeling

to slap him the next? "Maybe I  
could help you, Tod. I'll be able  
to do some of your outside reading  
and things like that."

# Atomic Control: Majority vs. Soviet Veto

Inspection is Heart of Plan Fostered by U.S.

AIR-TIGHT SECURITY maintained by the U.S. at atomic plants like Los Alamos, N.M., would give way to an air-tight system of international inspection under majority plan for atom control.

By BRUCE BLOSSAT  
NEA Staff Correspondent

NEW YORK — (NEA) — The great majority of countries in the United Nations has accepted a plan it believes can prevent the use of atomic force to destroy the world.

It is a sweeping, unprecedented proposal that is as daring in international politics as the atom bomb proved to be in warfare. But for months now it has been gathering dust in the UN's files because Russia and her satellites have opposed it unalterably.

Thanks to the dramatic news that the Soviet Union itself today has the atom bomb, the plan fostered by the United States and endorsed by many other nations has once more rocketed into public attention. Scientists, statesmen and ordinary citizens everywhere are pinning hopes of peace on some program that may stave off the use of this most destructive weapon ever fashioned.

What is the majority program? First of all, it would call upon any and all nations to stop making atom bombs and destroy whatever stockpiles they might have.

But this bold step toward peace would be taken only AFTER an air-tight system of international control of atomic energy had been established.

To achieve that control, the majority nations propose creation of an international atomic development authority with broad powers over the study, production and use of atomic materials.

This agency would own all supplies of uranium and thorium—the raw materials of atomic processes—wherever they might be found in the world. It would also own all so-called nuclear fuel, which means any material capable of releasing large amounts of atomic energy through nuclear chain reactions.

All dangerous facilities, those using or producing nuclear fuel in volume sufficient to make bombs, would be under the agency's ownership. It would likewise have the exclusive right to conduct research in atomic explosives, on the theory that such studies may be valuable for non-war uses and may help the authority check on illegal activities by particular countries.

Because the activities entrusted solely to the international agency are so dangerous to security, they would be strategically spread throughout the world to prevent any one nation seizing them for war-making purposes. Similarly, vital stockpiles of dangerous materials would be carefully distributed.

Non-dangerous atomic facilities could be owned by the various nations themselves, under licensing arrangements from the international authority. For example, equipment needed for the production of radio-active isotopes such as are used in medical research might be licensed. But the agency would be compelled to check constantly to see that the dividing

line between dangerous and non-dangerous work was not crossed. Research in the peaceful uses of the atom would be promoted, with emphasis on exchange of information among all countries.

The majority feels that by assigning dangerous activities to the international authority it would lessen the inevitable problems of inspection. But a rigid inspection system is nevertheless a key point in this plan.

Under this proposal the agency would have the right AT ANY TIME to enter a country to seek out secret activities in atomic energy.

The inspection would not stop with examination of declared activities to assume their use for peaceful purposes and to block illegal diversion of materials. It would call for geologic surveys and explorations to maintain full information on raw material supplies, for a check on research to unearth illegal studies in explosives, and for aerial surveys to detect other secret operations such as hidden mines or plants.

To the United States and other majority nations, inspection is the heart of control. Without it, they say, no prohibition of atomic production could be effective. And this is one of the chief features to which Russia objects. She contends that to allow such easy and regular access to her territory would be to yield her "sovereignty."

The majority concedes that no nation has ever been asked to bend its will to that of an international agency in the way this plan would demand. But it adds that neither has any country ever before faced the prospect of atomic destruction. It insists national interests must be subordinated to the general world good.

The majority program would be capped by provision for swift penalties against any nation guilty of illegal output of bombs or other dangerous activity.

Under the plan, no country could obstruct this punishment—or any other operations of the international agency—by a veto. The majority is convinced the veto power has no place in atomic matters. As Bernard M. Baruch, original author of this program, expressed it: "The bomb does not wait upon debate. To delay may be to die."

That is the majority program—

## Hams Have Own League

HARTFORD, Conn.—(AP)—Radio amateurs, the ones who call themselves "hams" because they operate home-made stations, have an organization of their own, the American Radio Relay League. It was formed in 1914 by the late Hiram Percy Maxim.

Included among the activities is the publication of a monthly semi-technical magazine "QST" as well as a series of annual handbooks filled with all sorts of radio data.

Not only do the members help out in disasters by making their stations available for emergency communication, but they conduct regular field tests and do many other things.

Present membership is around 100,000. Headquarters is at West Hartford, where a well-equipped laboratory is maintained.

## Henry M. Fredkin Files Trust Acceptance

Henry M. Fredkin, named as a trustee under the last will and testament of Sarah Fredkin Cantor, filed in circuit court today his acceptance of the trust, together with his inventory and bond which were approved by the court.

The will provides that the trustee shall hold the residuary estate for the benefit of Mrs. Cantor's daughter, Mrs. Dorothy Cantor Ross, until she attains the age of

38 years. The inventory showed trust assets in excess of \$20,000. of Mexico or Brazil can throw enough light by which a book can be read.

Series of Blasts At Birmingham

BIRMINGHAM, Ala., Sept. 30.—(AP)—A series of explosions today rocked the coke oven section of the Tennessee Coal Iron and Railroad Co.'s big Fairfield steel works.

A nearby resident said three explosions were heard about 1:35 p. m. (CST), followed in about 10 minutes by another smaller blast.

A T. C. I. official said it had not been determined exactly where the explosions occurred or whether there were any casualties.

Issued Building Permit

A building permit was issued to William Murray to construct a five room house with bath and garage at 1726 East Seventh street.

A remodeling permit was issued to Miss Hazel Palmer for remodeling at 402 East Pettis street.

I. N. Blake has the contract to do the work.

play. The adult leaders serve in this program as advisors. Within the Explorer program are three types of units to hold his interest. The new program stresses the experiencing of high adventure and giving the leadership to Scout troops. Encompassed in this program are adventure on the land, on the sea and in the air as part of the Explorers, Explorer Ships, and Explorer Squadrons, respectively.

Aims Are High

The goal of the Boy Scouts of America is to bring Scouting to every boy in the United States who desires the program. Our Lake of the Ozarks Council, of which Pettis county and Sedalia are a part, has the same aims within the council area. Within the program are no barriers to creed, color, religion or location. In the cities and towns packs, troops, and Explorer Units are formed. In the smaller communities and rural areas Lone Scouting may be used by individual boys.

The Council is made up of eleven counties in the central part of the state. This area is divided into six districts of which Pettis district (Pettis county) is a part. Over 1400 boys and young men are now registered in the council in the various phases of Scouting. Of this number more than 300 in eleven units are in Sedalia.

At the heart of the program are the sponsors of the units in the community. In Sedalia the Salvation Army Corp., First Baptist church, First Methodist church, Brotherhood of the Evangelical and Reformed church, Sacred Heart church, Calvary Episcopal church, Fifth Street Methodist church have charters for Scout troops. Chartered Cub Packs are at East Sedalia Baptist church, Mark Twain PTA, and Horace Mann PTA. The one Explorer Ship is sponsored by the Elks club.

Still Try To Halt Strike

(Continued from Page One)

get Murray and U. S. Steel together. They're going to try in conferences throughout the day and night.

And as the strike deadline approaches the picture grows bleaker. A steel shutdown, economists hint, could start a slide toward recession.

A steelworker walkout would push the nation's strike-ide past the million mark. Some 480,000 coal miners have been idle nearly two weeks.

Republic, Bethlehem, Jones & Laughlin, Inland, Midland, Carnegie-Illinois, Youngstown Sheet and Tube, National Tube, Geneva—everywhere across the nation the steel mills are shutting down.

The Ford Motor company yesterday announced acceptance of the free pension-insurance program as devised by the presidential board. It's exactly what Murray wants the steel industry to grant.

And that's exactly what the steel industry says it won't do. Most steel company officials have been firm in their stand on two points in the pension dispute:

1. The workers should help pay for any pension-insurance plan.

2. The steel companies never were bound to carry out the recommendations of the fact-finding board.

Benjamin F. Fairless, U. S. Steel president, pointed out in a statement that the federal government itself makes its employees contribute to its pension plan.

Open Meeting Held by Brotherhoods

(Continued from Page One)

Sedalia, William Donath, president of the Federated Shop Crafts, George S. Young, number one engineer in point of years, and F. "Mugs" Lister, number one conductor in point of service.

Reverend Warren L. Botkin, rector of the Calvary Episcopal church, gave a brief talk and followed it with a prayer.

J. H. McDonald followed Mr. Aldrich, who was the principal speaker, in relating why the four general chairmen were there that afternoon, said, "We are unable to get before the public the facts in this controversy, so we general chairmen have started a little crusade in talking to our members as well as any other labor groups who may come in to hear what we have to say."

He also related facts about 1562 cases settled in 1946, and pointed out how the claims were settled by relating a few examples which he said occurred on the railroads.

G. C. Davidson said, "Men have earned enough for the railroad to keep it out of bankruptcy." He added that the railroad has been in bankruptcy since August 1943.

Shared Responsibilities

Mr. Davidson said "We have shared responsibility in connection with the strike. I visualize steel mills closing down; thousands of people laid off—I've thought of other industries—I've thought of all that, and then I look over the principles involved in this question, and when I look over these principles, I find only one course left open.

"In the thousands of faces I've looked over in the past 15 days, I've never seen a more determined set of employees in my life, and with the cooperation of these four organizations, they are going to win."

G. R. Oglethorpe told the employees present that hospital dues have been taken care of, and instructions pertaining to them will be issued in the event the strike continues. He said, "Your Grand Lodge is behind you 100 per cent," and said "If we lose this strike, God help the brothers on the other railroads."

blind. The fire was believed to have started on the first floor. All of the dead were found on the second.

First report of the flames came from an unidentified milkman who noticed the blaze on his rounds. He raced across the street and awakened Mr. and Mrs. Arthur McCarthy.

The three called firemen and helped the owner Mrs. Bayse evacuate those on the ground floor.

Charles Edward Reed, 80, escaped in his stocking feet. He had been sleeping in the same room with Ben Morgan and helped Morgan out.

Another who escaped, shoeless and wrapped in a blanket, was Mrs. Mary Monks, 90. She was carried by the McCarthys to their home.

Others who took refuge in the McCarthy home were Lester E. Walton and his wife Marcella and their four children. The children, Esther, 6, James, 5, Billy, 3, and David, 1½, and their parents, were visiting Mrs. Bayse. All were sleeping on the first floor. The Waltons are from Mindeminas, Mo.

Mrs. Bayse rented part of the house to old-age pensioners and to the Hershey family.

Training Course To Officers Ends

A three day departmental training course, designed to cover current police problems, conducted by F. B. I. agents, was concluded with an all day firearms practice at the Sedalia Municipal airport, located on west highway 50, today.

Each member of the local police department shot 50 rounds of ammunition at regular F. B. I. targets, which are dummies. According to the instructors, the local police are good shooters.

F.B.I. agents who conducted the target practice were I. B. Hale, E. Hughes, H. K. Johnson and C. M. Kelly.

Ball of Policemen Be This Evening

Several of the policemen were quite active today in preparing for the 13th annual Policemen's Ball, which will be held tonight at the Convention Hall, Liberty Park, starting at 9:00 o'clock.

The ticket sale topped last year's record, so the affair should turn out to be a gala event, because the Policemen's Ball attracted one of the biggest gatherings the Convention Hall held last year.

Lee Brandt and his seven piece orchestra will be on hand to "toot out" a variety of dancing numbers.

Following the dance, arrangements have been made for Sedalia policemen and visiting policemen from adjoining towns, and their families, to attend a luncheon at the Sedalia armory.

Awarded \$8,000 In Damage Suit

A judgement of \$8,000 was awarded Mrs. W. H. Walters in open court this morning, in her damage suit against Marvin Howard Construction company, a co-partnership.

Last April, the plaintiff's husband, William Harvey Walters, was killed.

The plaintiff, in her petition filed in the Pettis county circuit court, May 2, 1949, contended her husband was killed through negligence of defendants' agent, Earl Brady, who was operating a truck which ran into a Oliver 80 High Lift, which was being operated by her husband, causing the "lift" to be turned over on her husband, and causing his death.

Frank T. Armstrong was the attorney for the plaintiff, and attorneys for the defendant were Martin, Montgomery and Salveter.

Fatal Leap After Killing His Son

HUNTINGTON, W. Va., Sept. 30.—(AP)—A sick postal worker tossed his five-year-old son from the top of Huntington's highest building today and then took the 220-foot death plunge himself.

The bodies crashed 14 floors to the sidewalk at the foot of the West Virginia building. It is in the city's main shopping street, which teemed with office workers on their lunch hour.

Police identified the man as Claude S. Hatton, 44, a mail carrier. The boy was his son David. Corner F. C. Schuler ruled it murder and suicide.

Hatton's widow is a school teacher.

Sedalian Judges At Flower Show

Mrs. George L. Dryden, Mrs. A. A. Ferguson, Mrs. John N. Johnson and Mrs. P. L. Strode went to Stover Thursday, where they served as judges at the flower show which was part of the Stover Fall Festival, sponsored by the Lions Club.

Mrs. Leo F. Fischer, of Stover, was chairman of the council in charge of the flower show. Many beautiful specimens and arrangements of flowers were entered by the people of the community and all were of exceptionally high quality.

Several of the policemen were quite active today in preparing for the 13th annual Policemen's Ball, which will be held tonight at the Convention Hall, Liberty Park, starting at 9:00 o'clock.

The ticket sale topped last year's record, so the affair should turn out to be a gala event, because the Policemen's Ball attracted one of the biggest gatherings the Convention Hall held last year.

Following the dance, arrangements have been made for Sedalia policemen and visiting policemen from adjoining towns, and their families, to attend a luncheon at the Sedalia armory.

Three Who Posted Bonds Dismissed

Three of four motorists, who posted bonds following auto collisions occurring in Sedalia, Thursday, were dismissed in police court this morning.

J. J. Wiseman, Sedalia, route 1, whose automobile was in collision with an automobile driven by Bill Walker, 313 East Walnut street, at Fifth street and Osage avenue, was fined \$10 for careless driving. Walker was dismissed.

Wendell Sommers, Boonville, and Mrs. Juanita M. Conner, 1310 East Eighteenth street, whose automobiles figured in a collision in the 2500 block on East Broadway, were dismissed.

Seven overtime parking bonds of a dollar each were forfeited.

Personals

Mrs. T. J. Bruce, 1020 South Osage avenue, left today for Sherman, Texas, where she will meet her husband and spend a week. They will then go to Wichita Falls, where they will visit her brother E. L. Truitt and family and then return home.

Mr. and Mrs. V. L. Boul, of Fontana, Calif., former Sedalians, are here for a visit with their son and wife, Mr. and Mrs. Claude Boul and family, 220 West Third street, who met them in Kansas City, Thursday and brought them to Sedalia.

Mr. and Mrs. Ira Leiter, of 637 East Sixteenth street, Mrs. Ida Harriman, route 4, Sedalia, and Mr. and Mrs. August Dahlke of 634 East Sixteenth street, motored to Roaring River, Eureka Springs, Ark., and Lake Tanycom, Thursday.

Pfc. Glenn H. Guymon, son of Mr. and Mrs. L. L. Guymon, of 1604 South Lamine avenue, arrived home this morning for a 30 day furlough, which he will spend with his parents and other relatives and friends.

Still Give Rent Control Service

Federal rent control service for tenants and landlords of Sedalia and Pettis county will continue to be given by the Kansas City rent office through the Sedalia rent station, it was stated here this morning by James M. Robertson, area rent director.

The rent station will be at the city hall each Thursday and Friday, where Elmer E. Sterling, rent examiner will be available to give help to landlords and tenants.

In making the announcement Mr. Robertson emphasized that the decontrol order issued by the national housing expediter on September 23, 1949 applied to all of Johnson county in Missouri and not to any of Pettis county.

"Federal rent control continues in force in Sedalia and all of Pettis county and tenants and landlords will continue to be served through the Kansas City office and the Sedalia rent station," said the rent official.

"The housing expediter was informed that the demand for housing has been reasonably met in the area in which he ordered decontrol, but he has asked the rent advisory board to continue on duty to keep tab on the rent level.

"Should the board feel there is too sharp an increase in rents, a recommendation by the board for recontrol would be considered. Places where controls are removed by the housing expediter on his own initiative, or on recommendation of a rent advisory board, may be recontrolled by the expediter if rents get out of hand."

He added that when there is decontrol action affecting any community, adequate publicity is given. He said at this time no further word of decontrol having a local effect has been received.

# Dickson May Knock Cards Out of Series

Pitched the Birds Into World Series With Boston in '46

By JOE REICHLER

PITTSBURGH, Sept. 30—(P)—Little Murry Dickson, who helped pitch the St. Louis Cardinals into the World Series in 1946, may have knocked them out of it this year.

Dickson pitched the Pittsburgh Pirates to a 7-2 victory over his former mates yesterday knocking them out of first place in the National League. The Brooklyn Dodgers took over the top rung by sweeping a doubleheader from the Braves in Boston, 9-2 and 8-0.

## Four-Run Outburst

A rousing four-run Pirate outburst against starter Gerald Staley and Howie Pollet in the sixth inning helped seal St. Louis' doom, and paved the way for Dickson's fifth triumph of the year over the flighty Redbirds.

The big blow of the frame was delivered by Monte Basgall, a former Dodger farmhand. The sophomore second baseman slammed relief pitcher Pollet's first pitch into the right field corner to send the second and third runs of the inning over the plate. When Red Schoendienst threw past the plate, Basgall raced home with the fourth run.

A walk to Ralph Kiner and singles by Wally Westlake and Pete Castiglione had routed Staley, put the Bucs in front, 2-1, and brought Pollet to the scene.

The pestiferous Pirates added two insurance runs off Ted Wilks in the eighth when, following a walk to Johnny Hopp, Wally Westlake walloped his 23rd home run of the season, scored by Kiner.

## Cards Score Two

The Cards scored their runs in the first and ninth innings. Between those rounds, Dickson limited them to two harmless hits and retired 12 men in succession until Rocky Nelson doubled with one out in the ninth inning. He scored on a one-bagger by pinch hitter Bill Howerton, but the Cards' last chance faded when Steve Bilko, another pinch hitter, watched a third strike to end the game.

For three innings it looked like Dickson was going to suffer another one of those heart-breaking early season defeats that has held his record down to 12-14. A scratch single by Stan Musial and a two-bagger by Enos Slaughter, with two away in the first inning had given the Cards a 1-0 advantage.

Although the Pirates clipped Staley for a hit in each of the first three innings, they went into the last half of the fourth trailing by that 1-0 score.

A big break helped the Bucs even matters in the fourth. Hopp was resting on first with two out when Castiglione rapped an easy grounder to third.

## A Fluke Single

The ball, however, hit a clump of dirt and bounced over Tommy Glavin's head for a fluke single into left field. Enos Slaughter tried to make a play for Hopp at third, but the ball slipped from his grasp as he was about to throw it, and Hopp scored the tying run as Castiglione raced to second.

But there was nothing fluke about those big four runs in the sixth and two in the eighth.

Dickson, who has allowed only two runs in his last 25 innings, has won 10 of his last 13 decisions, his last five in a row. The loss was Staley's tenth against as many victories.

The Cards hope to get back on the beam again in Chicago, where they open a three-game series today. Mgr. Dyer has announced southpaw Max Lanier (5-3) as his pitcher. Manager Frankie Frisch of the Cubs is expected to counter with Bob (9-18) Rush, a right-hander, who dropped a 3-2 decision in St. Louis last Saturday.

# Valley Defeats Ottawa U 20-6

KANSAS CITY, Sept. 30—(P)—The Missouri Valley Vikings rolled up their 42nd successive regular season football victory last night by defeating Ottawa (Kas.) university 20-6.

Bill Lingenfelder scored Valley's first two touchdowns, going 23-yards around end in the second quarter and catching a pass from Tim Wright in the fourth. Roy "Shorty" Preston punched through center for the final touchdown late in the game.

Jim Happy kicked two extra points for Valley.

Ottawa scored against Valley's reserves three minutes before the game's end. Quarterback Bob Musgrave got it from the one after his passing had set up the play.

Pennant Races in Both Leagues Now Stand on the 'Ifs'

NEW YORK, Sept. 30—(P)—Brooklyn Dodgers took over first place in the National League from the St. Louis Cardinals by a half game yesterday, sweeping both ends of doubleheader from Boston 9-2 and 8-0 as Cards bowed, 7-2, to the Pirates in Pittsburgh.

While the Brooks displaced the Cards atop the National League standings for the first time since August 16, the picture in the American League remained unchanged.

Rain postponed the games involving the co-leading Boston Red Sox and the New York Yankees. The Yanks were scheduled to play Philadelphia in Yankee Stadium and the Red Sox were to meet the Senators in Washington. The games will be played today, the weather permitting.

Here are the pennant pictures at a glance.

American League	W.	L.	Pct.	GB	TP
Boston	95	56	.629	—	3
New York	95	56	.629	—	3
National League	W.	L.	Pct.	GB	TP
Brooklyn	96	57	.632	—	2
St. Louis	95	56	.629	1/2	3

The Cards have three games remaining, all with the last place Cubs in Chicago while the Dodgers' final two games will be against the third-place Phillies in Philadelphia.

Boston and the Yanks wind up the season in the stadium with single games on Saturday and Sunday.

The second Dodger-Brave game was played in semi-darkness and a steady drizzle. It was called after the fifth inning because of darkness.

**Dodgers Rip It In**  
Brooklyn ripped into Johnny Sain for five runs in the first inning of the nightcap and all they had to worry about was whether they could complete the required five innings.

The umpires held a conference in the third but decided to resume play. The Braves clowned around in the fifth.

Big Don Newcombs ended the game by striking out the side. Newcombe held the Braves hitless over the first three innings and then eased up and permitted two blows in the final two rounds. The victory was Don's 17th.

A pair of three-run homers by Furillo and Duke Snider featured the Dodgers' opening game triumph. Snider connected for his 23rd to launch a five run fourth that chased 20-game winner Warren Spahn. Furillo smacked his 188th in the sixth off Bob Hall.

Preacher Roe blanked the Braves until the ninth in gaining his 15th victory. Bob Elliott collected four of Boston's nine hits.

**Cardinals Feathers Clipped**  
Former Cardinal Murry Dickson clipped the feathers of his old mates. Dickson granted the Cards only six hits in posting his sixth triumph over St. Louis and his 12th of the season.

The Pirates snapped a 1-1 tie with a four run blast in the sixth. Pete Castiglione singled home the first run and Monty Basgall doubled across the next two and scored the final on Red Schoendienst's error. Wally Westlake completed the scoring with a two run homer in the eighth.

In the major's only other game the Cleveland Indians trounced the Chicago White Sox, 8-3. Bob Kennedy and Larry Doby blasted home runs to pace the Cleveland attack.

# A New Income Source May be Open For Pros

LOS ANGELES, Sept. 30—(P)—John Kimbrough, former Los Angeles Dons fullback who retired with a knee injury, has filed a claim for workman's compensation from the California Industrial Insurance Commission.

If his claim goes through, Jarvin Jawn would be paid \$30 a week and medical expenses. Deputy Commissioner Clell McGredie says.

# Hubbard Plays This Afternoon

The Hubbard high school Tigers, this afternoon clashed with the Western Baptist Seminary of Kansas City, in the first game of the Hubbard football season. The game was played on the Liberty park gridiron starting at 2 o'clock.

With a starting lineup of ten veterans of the 1948 season back, Coach Broadus expects to field the best team to represent Hubbard High School in his four years at Hubbard.

In the backfield only one newcomer—Payne, shift half from Marshall, along with Mason, Johnson, and Boggs.

Four hard weeks of practice brings Hubbard up to its opener fit and ready to play its role of Giant Killers this season.

# This Fall's Deer-Quail Seasons Set

## Commission Made Minor Changes in Next Year's Code

JEFFERSON CITY, Sept. 30—(P)—The state conservation commission made only minor changes in next year's hunting and fishing code yesterday.

The commission also set this fall's deer and quail seasons and the seasons on furbearing animals.

Here they are:  
Deer, gun season—From Dec. 6 through Dec. 10, same as last year. Only Missourians may hunt for one legal fork-horned buck in the same 25 counties as last year. Guns must be higher-powered than the so-called varmints' guns of the 22-calibre class. Shotguns shooting single slugs also may be used.

**Deer**  
Deer, archery season—From Nov. 26 through Dec. 4, one fork-horned buck limit in Taney county for Missourians only.

**Quail**—Nov. 10 through Dec. 31, same as last year and with the same limits, ten daily and ten in possession.

**Opposum, raccoon, skunk, civet cat and weasel by gun or trap**—From Dec. 1 through Jan. 15, same as last year.

**Mink and Muskrat**—Dec. 15 through Jan. 15, re-opening mink season and shortening muskrat season.

**Red fox**—Nov. 10 through Jan. 15, opening season 20 days earlier.

**Gray fox**—Nov. 10 through March 31, opening season 20 days earlier.

**Rabbit**  
Rabbit—Closed season next year from March 1 through May 30 and from Nov. 1 to Nov. 10, same as this year.

**Squirrel**—Open season from May 30 to Nov. 30, except for brief period from Nov. 1 to 10, same as this year.

Employees of the state fish and game agency may hunt deer this year provided they hunt outside their own county and are on leave from their jobs at the time. They can hunt only on Dec. 8 or Dec. 9.

The commissioners themselves promised they would not take advantage of the relaxed rule.

**Next Year's Fishing**  
Next year's fishing seasons will be much the same. Only two changes were mentioned. Crappie limits were increased to 12 daily and 20 in possession. This year the limits are nine and 15, respectively.

Trotlines next year will be limited to 30 hooks and several persons cannot join their lines to make a longer one of more than 30 hooks. One person is limited to 12 bank lines.

The commission did not make any decision on next year's gill-fishing season but promised to pass upon the question next month.

The Appalachian Trail, a public hiking and riding track, extends 2,050 miles from Maine to Georgia.

Nine-tenths of the big game animals in the United States are deer.

# Bealmear Has .836 in Grid Predictions

His First Picking Reveals 46 Correct Guesses, Nine Misses

By AUSTIN BEALMEAR  
NEW YORK, Sept. 30—(P)—Having led off last week with a batting average of .836 on 46 correct guesses and nine misses, we hustle right into the second edition of the 1949 football forecast, letting the upsets fall where they may.

Georgia Tech vs. Tulane—Tech's surprising 12-7 triumph over what was supposed to be a feared Vanderbilt team sets this up as about the best attraction on Saturday's card. Now that it has disposed of Alabama rather neatly, Tulane isn't likely to be stopped until it runs into Notre Dame, if then.

One confident vote for Tulane.

Michigan vs. Stanford—This could be the end of that long Michigan winning streak. But don't count on it. Michigan barely squeaked past Michigan State last week while Stanford was flattening Harvard. The Harvards aren't in the same class with Michigan State, though. Chalk this one up as No. 25 for Michigan.

**An Army Choice**  
Penn State vs. Army—The military Lions should give Army more of a tussle than Davidson put up last week, but off its loss to Villanova Penn State doesn't appear to be the team it was cracked up to be. Until somebody has a better idea, the choice here is Army.

Georgia vs. North Carolina—Here's one that always produces some fireworks and might be close. Carolina dumped a good North Carolina State club, 26-6, in last week's opener. Georgia owns two victories over warmup opposition. A slim vote for North Carolina.

Notre Dame vs. Washington—After playing Minnesota and Notre Dame on successive week-ends, the Huskies should be happy to return to their own league. A note of sympathy to the Huskies but a husky vote for Notre Dame.

**Picks SMU Over Missouri**  
Missouri vs. Southern Methodist—This corner looks for an upset here. SMU barely topped Wake Forest last week. Missouri lost to Ohio State, 35-34. Missouri also was the only team to beat SMU last year. Once again, Southern Methodist.

Illinois vs. Wisconsin—Our Western Conference spies tell us to forget Illinois' 20-20 tie with Iowa State, which is what Illinois will be close. Out of the hat, Wisconsin.

Dartmouth vs. Pennsylvania—The season opener for both teams. Penn is a 6½ point favorite, but once again we are inclined to go along with the underdog. Nothing guaranteed. Dartmouth.

**Oklahoma Over Texas A and M**  
Texas A. and M. vs. Oklahoma—The Aggies rebounded from an opening loss but not high enough to handle an Oklahoma club that can really cover the ground. Wish they were all this easy. Oklahoma.

Oregon vs. UCLA—These UCLA's came through for us last week as underdogs. They're underdogs again. But why change! UCLA.

Duke vs. Tennessee—Both these teams scored shutouts last week, but Tennessee had the tougher opponent. Make this one Tennessee.

Pittsburgh vs. Northwestern—Pitt surprised William and Mary last week but Northwestern is something else again. Northwest-

ern.

Running rapidly over the rest of the week-end's better games:

**Today**  
Wake Forest over Boston College, Villanova over Detroit, South Carolina over Furman, Montana over Utah State, San Francisco over Loyola, Maryland over Georgetown, Miami (Fla.) over Rollins.

**Saturday**  
East.

Cornell over Colgate, Navy over Princeton, Harvard over Columbia, Brown over Holy Cross, Lafayette over Syracuse, Rutgers over Temple, West Virginia over Washington and Lee, Duquesne over Muhlenberg, New York University over Bucknell.

**Stays With Ohio State**  
Midwest:

Purdue over Iowa, Ohio State over Indiana, Minnesota over Nebraska, Michigan State over Marquette, Iowa State over Kansas, Colorado over Kansas State, Florida over Tulsa, Drake over Bradley.

**South:**  
Vanderbilt over Alabama, Kentucky over Mississippi, Rice over Louisiana State, Clemson over North Carolina, Virginia Military over George Washington, Delaware over Richmond, William and Mary over Virginia Tech, Virginia Tech, Virginia over Miami (Ohio).

**Southwest:**  
Texas over Idaho, Texas Christian over Arkansas, Hardin-Simmons over Temple, Houston over Wichita, Texas Tech over West Texas, Utah over Arizona.

**Far West:**  
Southern California over Washington State, California over Oregon State, Oklahoma A. and M. over Denver, Nevada over St. Mary's, Santa Clara over Fresno State, Wyoming over Colorado A. and M., College of Pacific over Cincinnati, San Jose over Brigham Young.

**Confidence Expressed**  
Kansas State, without a major victory in five years, is confident its long losing streak is nearing an end. The Wildcats have a fine crop of sophomores and Coach Ralph Graham has them hustling.

An Iowa State victory over Kansas would establish the Cyclones as a darkhorse in the titular race. The Cyclones outplayed Illinois last week, but had to settle for a 20-20 tie.

Kansas lost its Big Seven opener to Colorado, 13-12.

Missouri, which handed SMU its only defeat in 1949, will be faced with the problem of stopping Doak Walker and a sharp Mustang passing attack.

Oklahoma coach Bud Wilkinson insists that Texas A&M is a dangerous foe, but there's nothing to indicate the Sooners will lose this one.

# Indianapolis Won League Title

MILWAUKEE, Sept. 30—(P)—The Indianapolis Indians, runner-up to St. Paul in the regular American Association season, won their first league playoff title last night.

The Indians earned the right to represent the association in the "little world series" against Montreal of the International League by beating Milwaukee, 9 to 5.

The victory was the fourth in the best of seven for the Indians against two Milwaukee wins. The Brewers lost the first two games of the final playoffs at Indianapolis but copped their first two contests on their home field.

# Missouri Has A Rugged Assignment

Tigers Will Have To Stop Walker And Passing Attack

KANSAS CITY, Sept. 30—(P)—Three major non-conference contests and two games that promise to give a trend of things to come in league play will occupy Big Seven football teams tomorrow.

The conference card will match Colorado and Kansas State at Manhattan, Kas., and Iowa State and Kansas at Lawrence, Kas. Oklahoma's mighty Sooners and the Missouri Tigers will meet Southwestern conference foes. Missouri gets the tougher assignment, playing Southern Methodist university in a night game at Dallas.

Texas A&M will be Oklahoma's opponent at Norman, Okla. It will be the first game in the renovated 55,000-seat stadium at the Sooners' home base.

The Nebraska Cornhuskers, still a question in the conference picture, will meet Minnesota at Lincoln, Nebr.

Coach Dallas Ward's Buffaloes from Colorado will go after their second Big Seven victory. The Buffs walloped Kansas State 51-7 last season, but can expect a vastly improved Wildcat team this time.
